

Fair, little change in temperature tonight. Thursday, fair and warmer. Yesterday's high, 59; low, 46. Year ago high, 35; low, 20. Temperature at 8 a. m. today, 33.

Wednesday, March 20, 1957

Associated Press leased wire for state, national and world news, Central Press picture service, leading columnists and artists, full local news coverage

15 BOYS aged 16 to 18 are shown in a double row at hearing in Chicago, where a coroner's jury recommended that they be held to the grand jury in the ball pen hammer slaying of Alvin Palmer, 17, a Negro. "This is a cold-blooded murder," said Prosecutor Benjamin S. Adamowski in stating that he would seek death in the electric chair for all of them. "When they work in a gang, they are all equally guilty." Welder of hammer was Joseph Schwartz, 17, fourth from left.

Cautious Hope Up For Suez Accord

WASHINGTON (AP)—Egypt's new proposals for operation of the Suez Canal led to cautious forecasts among some U. S. senators today that the way may be opening toward a settlement of the Middle East crisis. But they added that Egypt must show good faith in working to solve other problems in the area.

First reaction from the State Department was that the Egyptian plan for running the waterway felt short of being satisfactory.

While this view was shared by some members of the Senate Foreign Relations Committee, Senators Humphrey (D-Minn.), Mansfield (D-Mont.) and Sparkman (D-Ala.) said they feel the proposals of President Gamal Abdel Nasser offer some hope as a possible basis of settlement.

Sen. Hickenlooper (R-Iowa), another foreign relations committee member, said he regards the Egyptian plan as "unsatisfactory." But he added that it ought to be "explored very thoroughly" by this government.

'No Hiding Place' Seen For U.S. In Any New Warfare

LONDON (AP)—Russia's defense minister says any major new war would leave no hiding place for the United States.

Quoted by Moscow radio today, Marshal Georgi Zhukov warned that Russia would use atomic and hydrogen bombs as its "main striking force" if such a conflict broke out. He said it is a mistake to suppose they would not be used simply because they are "mutually destructive."

Zhukov said, "The American imperialists obviously calculate that in case of war in Europe or Asia they will be able, as formerly, to sit it out over the ocean and avoid destructive and deadly blows. Such calculations are only too naive."

"There is no place in the world where the aggressor could find shelter. The Soviet air force is able to strike shattering blows at any enemy no matter where he is or where he is hiding."

Ohio Penal List Expected To Climb

COLUMBUS (AP)—The House Finance Committee will hold Tuesday night that a current crime wave will boost Ohio's penal population to 12,000 and cost the state \$12 million to administer its Division of Correction during the next two years.

That testimony was given by Maury Koblenz, chief of the division, who appeared in behalf of budgetary requests of his division.

In its budgetary request, the division had requested \$12,356,431, which was pared to only \$10,506,318 by the state finance director.

U.N. Aide Heads For Cairo Talks

Hammarskjold, Nasser To Meet Thursday

CAIRO (AP)—U. N. Secretary General Dag Hammarskjold headed for Cairo today to confer with Egyptian leaders on the future of Gaza, the Gulf of Aqaba, the Suez Canal and other issues threatening a new Middle East war.

Leaving New York by plane Tuesday night, Hammarskjold predicted "we may be able to establish a situation in Gaza that will give all parties satisfaction, including Israel."

The secretary general said he will see Egypt's President Nasser when he reaches Cairo Thursday but added he did not know whether he would visit Israel.

Hammarskjold said his talks in Cairo would deal with U. N. responsibility for clearing the Suez Canal, future activities of the U. N. Emergency Force (UNEF) and perhaps "cover other ground."

His parting statement came on the heels of Israeli Foreign Minister Golda Meir's warning that Israel "cannot agree to a belligerent Egypt coming back to Gaza," and Premier David Ben-Gurion's in an interview that Israel would fight again if Nasser "tries to block our historic and legal passage" through the Gulf of Aqaba.

Spring Here, But It's Still A Mite Chilly

By THE ASSOCIATED PRESS

Spring arrived in Ohio at 4:17 this afternoon—and it was a mite chilly.

The weatherman predicts, however, that temperatures will hold at normal for the next few days. Here is his five-day extended forecast for Ohio:

"Temperatures will average near normal; normal high 48 north to 55 south; normal low 30 north to 34 south. Warmer Friday and Saturday, then colder until end of period. Precipitation will average 1/4 to 1/2 inch as showers over the weekend."

Snow flurries were reported over the greater portion of the state early today with temperatures ranging from 29 to 38 degrees.

Aussies Eye Red South Pole Bases

WASHINGTON (AP)—Australia has expressed concern to the United States over the possibility that Russian scientific bases in Australian-claimed Antarctica could become permanent.

The bases now are being established in connection with the 1958 International Geophysical Year which begins in July.

Back of the concern, informed officials say, is a fear Russia's huge submarine fleet could use Antarctic bases to harass seaplanes, and possibly air lanes, south of the equator.

This could affect shipping between Australia and Europe, as well as between South America and the U. S., in case of war.

Unkosher Bagel Beagle Gets Film Job

HOLLYWOOD (AP)—A little unkosher dog with a big kosher appetite — only days removed from execution in a dog pound — today is co-starring in a movie with Frank Sinatra, Kim Novak and Rita Hayworth.

Snuffy, a Cairn terrier, ate himself into a \$500-a-week contract to co-star with the famous trio in the upcoming movie version of "Pal Joey."

The script calls for a dog to play Sinatra's pet and eat the same type of kosher food that he does.

Sinatra, director George Sid-

Lawmakers Delay Decisions On Lowerytown Water, EDT

Both Questions Now Listed For Final Reading; No Discussion On Touchy Garbage Problems

Moving carefully, and at times strategically, through several important matters without long debate, city council last night held one of its shortest regular meetings in recent years.

The meeting lasted for only a little more than an hour. Measures concerning water lines for Lowery Lane and Daylight Saving Time for Circleville were held for further study without discussion. Council President Ben Gordon invited comments on the city's new garbage ordinance, but the offer drew only silence.

Approximately 40 spectators were present at the beginning of the meeting, but about half of that number drifted away before adjournment. Several spectators were members of the Bloomdale Addition, on hand to file a complaint against alleged lack of sanitation in their neighborhood.

(See separate story)

AS THE lawmakers ended their discussion with the Bloomdale del-

egation, Councilman Charles Kirkpatrick arose to ask clarification on a point of law enforcement. He asked City Solicitor Kenneth Robbins to explain where the line of responsibility rests between the complaining individual and the branch of government in position to enforce the law.

Robbins explained how it is not possible to give a clear-cut reply to the question since the initiative in law enforcement depends frequently on the particular circumstance of the base on hand. At times the individual can act first, and at other times a department may wish to do so, he pointed out.

Robbins emphasized, however, that any citizen can swear out an affidavit against what he or she feels is a violation of law. But only the courts, he warns, can finally rule whether the law was actually broken.

Before turning to new legislation and measures held over, Gordon at this stage called for comments on the garbage ordinance.

There were no takers, and coun-

cil turned to its first legislation of the evening — an ordinance that would authorize the purchase of a new pickup truck by the public utilities board. Ervin Leist, public utilities manager, explained that a replacement is needed for a five-year old truck now in use.

Council passed the ordinance on first reading. The new truck will either be a one-half ton or a three-fourth ton hauler, intended for the use of the water works department.

THE LAWMAKERS also authorized Service Director Dewey Speakman to advertise for bids on certain street maintenance and repair materials.

The third measure to come up was held to second reading. The legislation would have Circleville adopt Daylight Saving Time for the Summer season.

Councilman Dudley Carpenter, who sponsored the measure, has stressed that it seeks only to eliminate or reduce confusion between time schedules. He has promised (Continued on Page Two)

RICHARD BOWERS

Bowers Named Exalted Ruler Of Local Elks

Richard Bowers was named exalted ruler of Circleville Elks Lodge at the annual election of officers Tuesday night.

He will succeed Robert W. Wood as chief officer of the lodge. Other officers named in the election were:

Gunner Musselman, leading knight; Frank Barnhill Jr., loyal knight; Edgar Anderson, lecturing knight; Russell Valentine, secretary; Warren Baker, treasurer; Charles H. May, trustee; and James Grant, tyler.

The office of tyler was the only one contested in the election. Other candidates for the office were Emmitt Wood and William Rieck.

BOWERS will make four appointments — esquire, chaplain, inner guard and organist — to complete the corps of officers.

All officers will be installed at ceremonies scheduled for 8 p. m. Tuesday, April 2. Judge William D. Radcliff, representing the Grand Lodge, and several other past exalted rulers of the local lodge, will direct the installation. Following this ceremony, the lodge will sponsor a luncheon and dance.

Bowers and his new corps of officers will conduct their first initiation ritual on May 7.

Solid Fuel Used In New Engine Test

WASHINGTON (AP)—A big new rocket engine, using solid instead of hard-to-handle liquid fuel for powering an intermediate range ballistic missile, has been developed and put under test.

This was disclosed today in a routine annual report to stockholders by the General Tire Co., which seemed to contain considerably more information about some weapons than has been announced by the Defense Department. The report said the new rocket motor went into its testing stage last October.

The motor was designed by the company's Aerojet-General Corp. and, said the report, is "the largest solid propellant power plant ever used in any ballistic missile." The motor was developed for the Jupiter IRBM, the company reports.

Pentagon Urged To Expand Cuts

WASHINGTON (AP)—Sen. Byrd (D-Va.) called on Secretary of Defense Wilson today to expand on a worldwide basis a proposed 12 per cent cut in Defense Department office workers in the Washington area.

Wilson announced Tuesday that he had told the Army, Navy and Air Force to eliminate 6,414 military and civilian jobs here in the year beginning July 1.

Wilson said he will order similar cuts in many defense headquarters, but not in combat units, at home and abroad. Byrd said this was "encouraging" but he urged Wilson to order across the board cuts at American installations all around the world.

Contribution Made To Gov. Knight, Claim

Seattle Man Appointed To State Job In Frisco, Senate Probers Told

WASHINGTON (AP)—Frank Brewster testified today the Teamsters Union made a campaign contribution to Gov. Goodwin J. Knight of California, and later interceded with Knight to get Charles Tait of Seattle, appointed as San Francisco's port director. The amount of the contribution was not immediately brought out.

The testimony came in the third straight day on the witness stand for Brewster, the Western Teamsters boss.

Robert Kennedy, committee counsel, asked whether Brewster had spoken with Gov. Knight about the job for Tait.

"I believe I might have written a letter, I'm not sure," Brewster said. "I may have talked with him. I believe we discussed his qualifications."

Brewster added then that the Teamsters Union had made a political contribution to Knight.

Kennedy also asked about appointment of Harold Lopez to the California Board of Harbor Commissioners. Lopez was identified as business manager of Teamsters Local No. 35.

Brewster said he knew Lopez had been appointed by Knight.

BREWSTER SAID Tait was originally from San Francisco but engaged in business activities in Seattle for about 20 years, before returning to San Francisco to become port director.

Brewster's headquarters as chairman of the 11-state Western Conference of Teamsters are in Seattle.

Time runs out today on demands that President Dave Beck of the Teamsters Union furnish his personal financial records to Senate probes.

Chairman McClellan (D-Ark.) said his special Senate committee was ready to slap a subpoena on Beck for his financial data unless he turns them over voluntarily.

McClellan twice has requested the material and fixed 3 p. m., EST, as a deadline for an answer one way or the other.

Beck, who was traveling in Europe until two weeks ago, promised a reply after he had talked with his attorneys, including former Sen. James Duff (R-Pa.).

While Brewster sweated and squirmed, evidence was brought out Tuesday that Teamsters Union dues money went to pay for his racing expenses, clothes and Christmas gifts he spread around during the yule season.

Baby Chimpanzee Recovers OK After Case Of Pneumonia

TOLEDO (AP)—Judy, the Toledo Zoo's 5-week-old chimpanzee, is well on the road to recovery today after a case of pneumonia.

She can thank two veterinarians, a pediatrician, an oxygen tent and a foster human mamma.

Judy's illness was diagnosed as pneumonia March 11. Zoo veterinarian Carl Johnson decided to take her to the home of Mrs. Clarence Potter, who once raised a lion cub for the zoo.

That night she began to fight for breath.

Dr. Johnson called in another veterinarian and a pediatrician and the three fashioned an oxygen tent from plastic garment wrappers used by dry cleaners.

Now a bouncing 5 1/2 pounds, Judy is drinking her milk on schedule and chattering happily.

Clinton County Phones Expanded

MARION (AP)—The Ohio Consolidated Telephone Co. today announced the installation of new local and long distance circuits for the Clinton County communities of Martinsville, Sabina, Blanchester, New Vienna, Port William and Wilmington.

A company spokesman said increasing volume of local and long distance telephone traffic between these communities made the circuit additions necessary.

Fair, little change in temperature tonight. Thursday, fair and warmer. Yesterday's high, 59; low, 46. Year ago high, 35; low, 20. Temperature at 8 a. m. today, 33.

Residents Ask Council Action For Bloomdale

Residents of the Bloomdale Addition, at the end of E. High St., asked city council last night to do something about allegedly unsanitary conditions in the vicinity of the slaughterhouse.

The slaughterhouse is located immediately west of the relatively new housing development, and on the same south side of Hargus Creek. Spokesmen for the group attending the council session told the lawmakers that the slaughterhouse permits pollution of the stream, resulting in offensive odors throughout the neighborhood. They also claimed that a fire hazard exists.

Mayor Bob Hedges, referring to the stream pollution complaint, told how this phase of the slaughterhouse operations appeared to be handled in satisfactory manner at the time of an inspection two years ago.

Residents of the district, however, offered to show the mayor evidence in support of their complaints.

THE MAYOR said he would check with Health Director C. O. Leist to see what can be done about the problem. And Fire Chief Talmer Wise said he would check into the claim that a fire hazard exists.

Councilman Charles Kirkpatrick agreed to look into plans to give the housing development adequate street lights. And steps were also contemplated to remove a "bump" in High St. where it meets the housing area.

Auto License Sales Still Lag At Courthouse

A total of 2,313 1957 passenger car tags have been purchased to date at the local motor vehicle office, according to Registrar Robert Wood.

Although tags cannot be bought this year at Derby and Commercial Point offices, the sales in the courthouse office are still considered "slow" this year.

County motorists are urged to take advantage of the current absence of lines of tag buyers at the courthouse and obtain their 1957 license plates before the March 31 deadline approaches. Tags may also be purchased at motor vehicle offices in Ashville and Williamsport.

Prospective purchasers should bring their certificates of title and registration with them. Drivers applying for new licenses must bring along their individual punch cards sent out by the state bureau of motor vehicles.

Mrs. Carl Gulick of 138 Hayward St. was released from Doctors Hospital, Columbus, where she was a medical patient.

Area Leaders Attend Meet

Ten leaders from Pickaway County attended the area Junior Leadership Conference on March 16 at Washington Court House. Theme of the conference was "Developing Interest in the Local Club Meetings".

Topics that were discussed included: "What is Involved in a Good 4-Club Meeting", "Recreation", "Demonstrations", "Meeting Procedure", and "Development of the local Club Program".

Each county gave a five minute report on what their county Junior Leadership Club was doing. Robert Wright, Ashville Route 2, reported for Pickaway County.

Those attending from Pickaway County were: Nancy Cromley, Ashville Route 2; Larry Martin, Williamsport Route 2; Marilyn Shell, Mt. Sterling Route 1; Bob Wright, Ashville Route 2; Charles Moss, Ashville Route 1; Margaret Reid, Williamsport Route 1; Joan Fausnaugh, Circleville Route 3; Carolyn Newton, Ashville Route 1; Flo and Jo Goldschmidt, Circleville; and Marion Kroetz, associate county agent.

2 Advertising Men Resign Positions

The resignations of two members of The Herald's display advertising department have been announced. Both men were advertising solicitors.

Jack Fusner has accepted a

Council Delays Final Action On Water And EDT

(Continued from Page One)

to have his proposal killed if Columbus rejects the "fast time" plan.

Columbus residents will vote on the time change at the primary election.

Council adopted a resolution which authorizes Safety Director Miller Fissell to renew mutual aid agreements with the fire departments of Columbus, Washington C. H., Chillicothe, Amanda, Williamsport, Ashville and New Holland. The legislation also makes it possible to offer a mutual aid agreement to the Lancaster fire department.

All the firefighting agreements are for three years.

THE LSST of the evening's new measures was an ordinance in which the safety department requested \$500 needed for the upkeep of the police cruisers. Council approved the measure.

The lawmakers held to second reading an ordinance that would appropriate \$5,000 to extend the city water lines to the Lowertown neighborhood. A new drive to have this done has been launched in connection with plans to build a mission church in that section of the city.

Church group leaders have pointed out to the lawmakers that the city water supply—now obtained only from nearby wells—is essential for any general betterment of that locality. A program of general improvement is expected to center around the mission project.

As the meeting neared adjournment, Solicitor Robbins revealed he will take steps shortly after the primary election to have the question of a Circleville park board put on the November ballot. Such a board cannot legally exist, he has warned council, unless the voters have approved such a move at the polls.

Such approval cannot be voted at the primary this year, Robbins explained.

Two Accused Of Petit Theft Given Penalties

Cases heard in Circleville Municipal Court today included two persons who faced Judge Sterling M. Lamb on accusation of petit larceny.

Robert Odaffer, 23, accused of taking a jar of coffee from a local store, was fined \$25 and costs and sentenced to 30 days in jail. The fine and sentence was later suspended and he was placed on probation for one year.

Betty Mumaw, 29, received a similar penalty for allegedly taking a ham valued at \$1.05 from the same store. She was arrested on an affidavit signed by Jack Palm, an employee of the store. Odaffer was arrested on an affidavit by Regis Kifer, store manager.

As a result of these cases, Prosecutor William Ammer warned to date that all such offenders will be brought into court. Local store owners and managers have stated they will press charges against shoplifters apprehended in their stores.

OTHER cases heard today included three motorists accused of traffic violations. They were as follows:

Herbert Graham, 32, Columbus; \$10 and costs for driving left of center.

Alva White, 71, Circleville; \$25 and costs for reckless operation; \$15 of the fine was suspended.

Phillip Calderone, 37, Columbus; \$15 and costs for speeding at 65 in a 50 mile zone.
Graham was arrested by city police and White and Calderone by the state patrol.

similar position with the Lancaster Eagle-Gazette, and Ralph Starkey has been hired as a car salesman by Pickaway Motors Inc.

School Study Data Reveals Population, Enrollment Climb

Latest figures compiled by the current county-wide school survey reveal that population in county school districts (all of Pickaway County excluding Circleville) has climbed nearly nine percent since 1950, totaling now about 22,000.

In addition, figures show that school enrollment in the 16 county school districts has increased more than six percent since the 1947-48 school year, and stands today at 4,307 pupils, of whom 3,200 are in grades one through eight.

These figures were part of the recent data compiled on county schools by the study being carried on by the Center for Educational Research at Ohio University. The study, which is made without

charge to the county, is under the direction of Dr. William Chase.

Scope of the survey with regard to school population and school utilization was outlined by Dr. Chase at the most recent meeting of the County Educational Survey Committee, held last week in the Deer Creek Township school.

He said that data was compiled as to the number of pupils in each school, grade and room, the number of different grades being taught in any single room, and the number of pupils in ratio to the number of teachers.

The data revealed conditions of both overcrowding and underutilization in some schools. Duval, for instance, with a capacity of 144 pupils has only 111 enrolled. Utilization therefore is 77 percent.

In contrast Monroe has a capacity of 100 and there are 173 pupils going to school there, resulting in a utilization of 173 percent.

With regard to room utilization, figures indicated that while some regular county classrooms were being used 96 percent of the school day, as in Salter Creek, other regular classrooms were being used only 38 percent of the time as at Perry.

For special classrooms the utilization range in the county is from a high of 81 percent to a low of only 29 percent.

Dr. Chase pointed out that the accepted standard utilization in the state for regular classrooms is 85 percent and for special classrooms, 71 percent.

Another important test of school utilization is the extent the facilities in each room such as seats, desks, typing stands, work benches, etc., are occupied by pupils when the room itself is being used.

Such utilization in county schools, the survey has revealed, ranges from 20 to 80 percent in regular classrooms and from 17 to 55 percent in special classrooms. In contrast the accepted standard in

Army Says Japan Prisons Pass Test

TOKYO (AP)—The U. S. Army said today conditions for American soldiers confined in Japanese prisons are satisfactory. The Army makes monthly inspections of all prisoners holding Americans convicted by Japanese courts of violating Japanese laws.

Rep. Frank T. Bow (R-Ohio) wrote an article in the January issue of American Legion Magazine claiming American prisoners are mistreated.

He quoted two unidentified servicemen who complained of solitary confinement, threats for violating rules, beatings, bad food, indifference to health and insanitary conditions.

Explosion Kills

TACOMA, Wash. (AP)—Four men packing a dynamite mixture into cardboard tubes were killed Tuesday when an explosion wiped out a small assembly line building at the Olin Mathieson Chemical Corp. powder works at Frederickson, 10 miles southeast of here.

New Strike Feared

LONDON (AP)—British labor unrest threatened today to produce a nationwide walkout of railwaymen. Shipyarders have been idle since Saturday.

Rehearing Denied

CINCINNATI (AP)—The U. S. Court of Appeals has refused to rehear the appeal of Jack C. Masengale, Cincinnati attorney and private detective, on his conviction of two counts of wiretapping.

the state is 70 percent occupancy for general classrooms and 55 percent for special rooms.

Accentuating the wide range of pupil occupancy, special figures for high school-room enrollment revealed that there are two classes in county high schools enrolled, 27 with less than seven, and 74 with less than 11 students.

On the other hand, data showed that there are 92 classes with more than 25 students and 26 classes with over 35 pupils.

The least measure of utilization discussed by the committee was that of pupil-teacher ratio. The ratio in county schools for grades one through eight is slightly over 27 pupils per teacher, for grades nine through twelve it is only 12 pupils for every teacher.

THE NEXT meeting of the survey committee is scheduled for March 28 in the Jackson Township school at 7:30 p. m. Data compiled on curriculum in county schools will be discussed at that time.

All meetings of the survey committee are open to the public.

Deaths AND FUNERALS

MRS. SUE E. LAPE

Mrs. Sue E. Lape, 83, of 121 W. Ohio St. died about 11:15 p. m. Tuesday in Berger Hospital. She had been admitted to the hospital earlier in the day.

She was born in Pickaway County, March 5, 1874, to William and Martha Rector Owens.

Mrs. Lape was twice married, first to Cornelius Coleman and after his death to Conrad Lape, also deceased.

Survivors include: two sons, Ralph Coleman of Williamsport and Orville Coleman of Dayton; four daughters, Mrs. Fred Bowsher of 455 E. Main St., Mrs. Arthur Thomas of 715 S. Court St., Mrs. Edith Russell of 419 Fay Ave. and Mrs. Robert Reeser of Williamsport; 37 grandchildren; 34 great grandchildren; a brother, Fred Owens of Circleville Route 2 and a sister, Mrs. Minnie Cupp of Circleville Route 2.

Funeral services will be Friday at 10:30 a. m. in the Deffenbaugh Funeral Home with the Rev. Dale Frueling officiating.

Burial will be in Jackson Township Cemetery.

Friends may call at the funeral home beginning 1 p. m. Thursday.

PAUL G. WOODS

The body of Paul G. Woods arrived at Port Columbus around 5 p. m. Tuesday.

The Masonic Lodge of Amanda will hold Lodge services at the Deffenbaugh Funeral Home at 8 p. m. Wednesday.

Burial will be Thursday at 11 a. m. in Maplehill Cemetery, Stoutsville.

Friends may call at the funeral home.

AUSTIN L. CRITES

Austin L. Crites, son of W. T. Crites, a member of a pioneer family of Stoutsville, died today in Covina, Calif., where he has lived for many years.

Surviving him are, his wife, Adeline; a daughter, Helen Mae; and a son, Willson T., all of California.

Other survivors include: brothers, Charles of Stoutsville, Emmitt of Circleville and Samuel of Chicago, Ill.; sisters, Ada String of Lancaster, Margaret Winter of Dayton and Mae Courtwright and sister-in-law, Mrs. W. H. Crites, both of Stoutsville.

Burial will be in Forest Lawn Cemetery, Los Angeles, Calif.

Farmers Union Holds Meeting At Monroe Twp.

A covered dish dinner was enjoyed by the members of the Pickaway County Farmers Union when it met for its regular meeting in the Monroe Township School Auditorium.

Joseph Fichter, chairman of the union's Ohio branch, was guest speaker. He told of his trip to Washington D. C.

Winfred Bidwell conducted the business session. Minutes of the last meeting were read by the newly elected secretary-treasurer, Joseph Carle of Circleville Route 2.

A humorous reading was given

Firemen Summoned

City firemen answered an ambulance call about 12:30 p. m. yesterday to remove Merle Ankrom to Berger Hospital. Ankrom was stricken at the Ankrom grocery store on York St. He was treated at the hospital and released.

by Mrs. Joseph Fichter. The children enjoyed cartoon films shown by Raymond Reiterman, educational director.

OTHER officers elected are as follows: Joe Rogers, legislative director; E. O. Schwartz—organizational director; Ronnie Rivers—junior director; F. M. Bidwell—publicity director; Verna Grabul—recreational director.

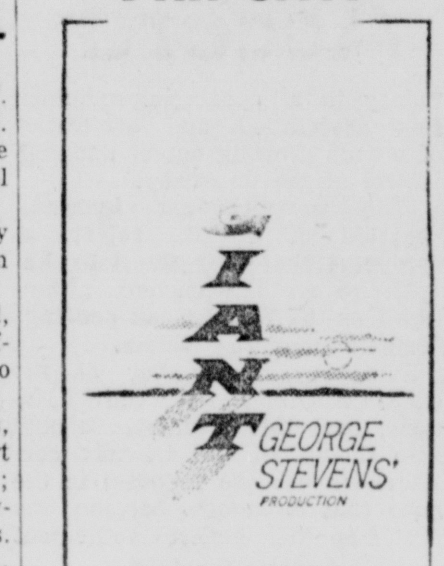

The next regular meeting will be held Friday at the Monroe School.

Ike, Mac Set In Bermuda For Parley On Middle East

TUCKER'S TOWN, Bermuda (AP) President Eisenhower and British Prime Minister Harold Macmillan were to meet on this Atlantic island today to try to restore British-American cooperation in the Middle East.

Macmillan during the four-day conference was expected to urge the strongest possible U. S. support of Israeli security interests in the Gaza Strip and shipping rights through the Gulf of Aqaba and the Suez Canal.

The British are reported to feel that the U. S. government, having prevailed on Israel to withdraw its troops, is honor bound to support Israel actively in the present contest with Egypt.

Before leaving London Macmillan made it clear his prime purpose will be to restore understanding and friendship with the U. S. "This is one occasion when the

State Renews City's Permit On Sewage Dumping

Latest renewal of the permit, under operation of the State Water Pollution Board, was disclosed last night at the regular meeting of city council. However, Public Utilities Manager Ervin Leist made it clear that the latest extension of the city's authority does not mean the state is satisfied with local facilities for handling sewage.

It only means, he explained, that the state is satisfied so far with the progress being made toward solution of numerous sewage disposal problems here. Conditions for renewal, Leist warned, are becoming increasingly difficult for the city to meet.

And withdrawal of the state's permit at any time would almost immediately result in a serious emergency for the city.

COUNCILMAN Boyd Horn said he continues to hear complaints about "red water" in Circleville, rust discoloration that has long been a recognized shortcoming of the city water system. Leist explained this is due to flushing of the mains as a temporary step to reduce the iron content, and he pointed out there is no way—with the present facilities—to avoid it.

Leist for several years has been urging major improvements in the city water system. A meeting with engineers next Monday will review the city's needs, and possible steps to meet them.

Residents Ask Council Action For Bloomdale

Residents of the Bloomdale Addition, at the end of E. High St., asked city council last night to do something about allegedly unsanitary conditions in the vicinity of the slaughterhouse.

The slaughterhouse is located immediately west of the relatively new housing development, and on the same south side of Hargus Creek. Spokesmen for the group attending the council session told the lawmakers that the slaughterhouse permits pollution of the stream, resulting in offensive odors throughout the neighborhood. They also claimed that a fire hazard exists.

Mayor Bob Hedges, referring to the stream pollution complaint, told how this phase of the slaughterhouse operations appeared to be handled in satisfactory manner at the time of an inspection two years ago.

Residents of the district, however, offered to show the mayor evidence in support of their complaints.

THE MAYOR said he would check with Health Director C. O. Leist to see what can be done about the problem. And Fire Chief Talmer Wise said he would check into the claim that a fire hazard exists.

Councilman Charles Kirkpatrick agreed to look into plans to give the housing development adequate street lights. And steps were also contemplated to remove a "bump" in High St. where it meets the housing area.

Auto License Sales Still Lag At Courthouse

A total of 2,313 1957 passenger car tags have been purchased to date at the local motor vehicle office, according to Registrar Robert Wood.

Although tags cannot be bought this year at Derby and Commercial Point offices, the sales in the courthouse office are still considered "slow" this year.

County motorists are urged to take advantage of the current absence of lines of tag buyers at the courthouse and obtain their 1957 license plates before the March 31 deadline approaches. Tags may also be purchased at motor vehicle offices in Ashville and WilliamSPORT.

Prospective purchasers should bring their certificates of title and registration with them. Drivers applying for new licenses must bring along their individual punch cards sent out by the state bureau of motor vehicles.

Graham was arrested by city police and White and Calderone by the state patrol.

similar position with the Lancaster Eagle-Gazette, and Ralph Starkey has been hired as a car salesman by Pickaway Motors Inc.

British will be quite frank and I feel sure the Americans will be quite frank about what they feel," he said, adding he was confident "a great deal will be gained" from a frank exchange.

THE FORMAL talks between Eisenhower, Macmillan and their advisers will begin Thursday in the drawing room of Bermuda's exclusive Mid-Ocean Club, where the top men at the harmony conference are staying. It seemed certain, however, that informal discussions would start tonight.

Problems to be taken up range over the world, but the Middle East holds priority. It was over that strategic, turbulent region that the United States split with Britain and France last November because of their attack on Egypt. And it is there that the greatest dangers to peace exist.

School Study Data Reveals Population, Enrollment Climb

Latest figures compiled by the current county-wide school survey reveal that population in county school districts (all of Pickaway County excluding Circleville) has climbed nearly nine percent since 1950, totaling now about 22,000.

In addition, figures show that school enrollment in the 16 county school districts has increased more than six percent since the 1947-48 school year, and stands today at 4,307 pupils, of whom 3,300 are in grades one through eight.

These figures were part of the recent data compiled on county schools by the study being carried on by the Center for Educational Research at Ohio University. The study, which is made without

charge to the county, is under the direction of Dr. William Chase.

Scope of the survey with regard to school population and school utilization was outlined by Dr. Chase at the most recent meeting of the County Educational Survey Committee, held last week in the Deer Creek Township school.

He said that data was compiled as to the number of pupils in each school, grade and room, the number of different grades being taught in any single room, and the number of pupils in ratio to the number of teachers.

The data revealed conditions of both overcrowding and underutilization in some schools. Duval, for instance, with a capacity of 144 pupils has only 111 enrolled. Utilization therefore is 77 percent.

In contrast Monroe has a capacity of 100 and there are 173 pupils going to school there, resulting in a utilization of 173 percent.

With regard to room utilization, figures indicated that while some regular county classrooms were being used 96 percent of the school day, as in Salt Creek, other regular classrooms were being used only 38 percent of the time as at Perry.

For special classrooms the utilization range in the county is from a high of 81 percent to a low of only 29 percent.

Dr. Chase pointed out that the accepted standard utilization in the state for regular classrooms is 85 percent and for special classrooms, 71 percent.

Another important test of school utilization is the extent the facilities in each room such as seats, desks, typing stands, work benches, etc., are occupied by pupils when the room itself is being used.

Such utilization in county schools, the survey has revealed, ranges from 20 to 80 percent in regular classrooms and from 17 to 55 percent in special classrooms. In contrast the accepted standard in

Army Says Japan Prisons Pass Test

TOKYO (AP)—The U. S. Army said today conditions for American soldiers confined in Japanese prisons are satisfactory. The Army makes monthly inspections of all prisoners holding Americans convicted by Japanese courts of violating Japanese laws.

Rep. Frank T. Bow (R-Ohio) wrote an article in the January issue of American Legion Magazine claiming American prisoners are mistreated.

He quoted two unidentified servicemen who complained of solitary confinement, threats for violating rules, beatings, bad food, indifference to health and insanitary conditions.

Explosion Kills

TACOMA, Wash. (AP)—Four men packing a dynamite mixture into cardboard tubes were killed Tuesday when an explosion wiped out a small assembly line building at the Olin Mathieson Chemical Corp. powder works at Frederickson, 10 miles southeast of here.

New Strike Feared

LONDON (AP)—British labor unrest threatened today to produce a nationwide walkout of railwaymen. Shipyards have been idle since Saturday.

Rehearing Denied

CINCINNATI (AP)—The U. S. Court of Appeals has refused to rehear the appeal of Jack C. Massengale, Cincinnati attorney and private detective, on his conviction of two counts of wiretapping.

Farmers Union Holds Meeting At Monroe Twp.

A covered dish dinner was enjoyed by the members of the Pickaway County Farmers Union when it met for its regular meeting in the Monroe Township School Auditorium.

Joseph Fichter, chairman of the union's Ohio branch, was guest speaker. He told of his trip to Washington D. C.

Winfred Bidwell conducted the business session. Minutes of the last meeting were read by the newly elected secretary-treasurer, Joseph Carle of Circleville Route 2.

A humorous reading was given

"Mary Hawthorth's Mail"

DEAR MARY HAWORTH: I am engaged to a man who is consistently invited to Sunday supper by longtime friends of his—a couple whom I know very well also. But they never include me in their invitations.

When I mention this slight to Ben and explain that they do it intentionally, he laughs it off and says: "Well, you know how jealous she is; and her husband can't help it." The husband has been known to step out constantly and the wife is very jealous of him.

In fact this man once asked me for a date and I told him plainly that I am not the disloyal or indiscreet type, and that I could never approve a man's doing the way he does. His wife knows I'm not interested in him, and so does he.

Nonetheless they ask my fiancé to their Sunday suppers and usually call him Sunday mornings for that same evening. When I've asked Ben not to go he says, "don't be childish." I say he insults his own intelligence by going in these circumstances; and he says I am just henpecking and want my own way. When I threaten that I won't be home to him if he goes, he goes anyway.

I've told Ben I can't understand why he would consider this man his friend, who has a wife yet tries to insult me, by asking me for a date. He says: "Oh, he always did try to take my girls away from me." Am I being unfair, in asking him not to go to their suppers?

C. L.

DEAR C. L.: If it is an established fact that you are engaged to marry Ben, then his behavior is indefensible—in accepting hospitality from old friends who also know you well, in circumstances that constitute a purposeful continuing slight to you.

As your fiancé, Ben should decline such invitations in such a

Credit Unions Hurt Local Firms

CHICAGO (AP)—Commercial loan firms face increasingly significant competition from credit unions, a management consultant says.

Dr. Rudolf Modley of Kent, Conn., told an American Bankers Assn. installment credit conference that "the larger part of the \$14 billion in personal loans outstanding held by credit unions is undoubtedly volume which is directly competitive with commercial lending."

Modley said that "since the end of the second world war, installment credit outstanding by credit unions has grown 20-fold while personal loans by commercial banks have grown only 7-fold."

Defendant Admits Guilt During Trial

HAMILTON (AP)—Raymond L. White, 33, halted his trial in criminal court Tuesday to plead guilty to two robbery charges in the \$9,000 holdup of a dairy here.

White was accused of holding Mrs. Lorene Dallman as hostage Feb. 3 while a confederate forced her husband, Harold, manager of the dairy, to open his office safe. Judge Fred B. Cramer sentenced White to two indeterminate terms in Ohio Penitentiary.

Frank Sumpter of Covington, Ky., also charged with robbery in the dairy holdup, is slated to appear before the grand jury here.

way that the couple would feel obliged either to include you graciously, or count him out, as a "lost cause", from their angle.

Plainly their purpose is to come between Ben and you, and "break it up"—using their Sunday suppers as bait to make him aware that they "look down" on you and aren't disposed to believe that he takes you seriously.

Ben's sly disloyalty to you, in giving countenance to their dirty work, indicates the following: He has no confidence in himself, or his judgment, or his social acceptability. He is a sponger and a bootlicker. Neither he nor the other fellow is really a man in the fully integrated adult sense.

The two probably have an adolescent sort of buddy-tie to one another, and slyly share a conniving sense of contemptuous superiority to their "women" or to all females. That's why Ben doesn't mind his friend's pass at you, nor make an issue of the wife's snubbing you; and why the husband is making a continued social play for continued cynicism with Ben, on terms that leave you out in the cold.

It seems the height of folly for you to marry Ben; also a waste of time being engaged to him. He just isn't enough of a person to bother with. In terms of character, there's nobody home.

M. H.

Mary Hawthorth counsels through her column, not by mail or personal interview. Write her in care of this newspaper.

Turnpike Officer Clear After Probe

CLEVELAND (AP)—An Ohio Turnpike patrolman accused of abusiveness in making an arrest has been cleared by Lt. John L. Bishop, patrol chief. Bishop said Tuesday his investigation showed the David Benis, 50, of Cleveland, had no basis for his complaint.

Benis, in calling for the investigation, said Patrolman T. A. Davis used abusive language and spoke so roughly that Benis' 7-year-old daughter began to cry. When Benis ignored a warning to drive faster and stop causing a traffic hazard, the lieutenant said, Davis arrested him and took him to the Newton Falls police station, where Benis signed a waiver and paid a fine of \$15.20.

Alibi Established In Murder Trial

CINCINNATI (AP)—Three Hamilton men say Denver Powell, 46, accused of taking part in the robbery-murder of John Schreck, was in Hamilton on the day Schreck was killed in his Cincinnati delicatessen.

The three—Nathan Taylor, Bill Waltner and Purl Lunsford—were defense witnesses Tuesday in the seventh day of Powell's retrial in the Nov. 27, 1949 holdup-slaying. The first trial of Powell, El Centro, Calif., ended in a mistrial when a juror became ill.

Parents Face Penalty Under New Ohio Bill

COLUMBUS, Ohio (AP)—Parents of an often-delinquent child could be charged with contempt of court under a bill recommended for Senate approval by its Code Revision Committee.

The bill provides that parents of a delinquent child placed on probation by the court may be required to post a \$500 bond. The bond could be ordered forfeited or used to pay for any damages caused by the child's vandalism.

The proposed law would work this way: If, at a child's delinquency hearing, it appears the parents have failed to exercise "reasonable parental control," the court can order the parents to subject the child to such control in the future. Any later delinquent act by the child would present a case that the parents have violated the court's order. This

Auditor Reports For March 1-18

City Auditor Lillian Young made a financial report for the first 18 days of March when city council met last night for its second session of the month.

Showing funds, receipts, expenditures and balances, the report was submitted through Councilman George Crites as follows:

General Fund, \$22,560.45, \$12,353.88, \$15,935.37; Water Works Operating Fund, \$5,411.23, \$3,008.68, \$56,784.61; Sewage Disposal Fund, \$3,584.34, \$1,825.77, \$11,723.33; Street Construction Fund, \$4,614.52, \$2,328.89, \$1,673.40; Water Works Trust Fund, \$140, \$165, 349.07, \$251.05, \$10,749; Firemen Pension Fund, \$2,183.48, \$125, \$11,651.16; Fire Truck Fund, \$5,426.38, 1,472.99, \$13,323.20.

would open the parents to a contempt citation.

The court then would have the right to require the parents to post bond up to \$500 to guarantee the child's future good behavior.

Ohio Senators Back 'Great Hour Sharing'

Church World Service
Observance Stated
To Be Held March 31

NEW YORK—Characterizing the 1957 "One Great Hour of Sharing" United Appeal as a "splendid public service" deserving "the hearty support of all Americans," Ohio's U. S. senators, John W. Bricker and Frank J. Lausche, have wholeheartedly endorsed this ninth annual cooperative effort of major Protestant churches in America to provide assistance for distressed and needy people of foreign lands.

The "One Great Hour of Sharing" appeal for funds to provide food, clothing, and medicines for the hungry, homeless and destitute abroad, as well as for relief, rehabilitation and reconstruction programs, will be made in the churches of Ohio and in thousands of others in the U. S. on Sunday, March 31, under the sponsorship of Church World Service, National Council of the Churches of Christ in the U. S. A.

Bricker, in a letter made public today by Dr. R. Norris Wilson, executive director of Church World Service, said:

"The American people have never failed to respond generously to private appeals to alleviate the hunger and misery suffered by less fortunate peoples abroad.

"The 'One Great Hour of Sharing' United Appeal is performing a splendid public service in bringing to the attention of the American people the facts concerning destitution in other lands.

"Voluntary giving on a people-to-people basis can create a large reservoir of goodwill for the United States."

Senator Lausche said that "the 1957 'One Great Hour of Sharing' observance deserves the hearty support of all Americans.

"Through such efforts, thousands of hungry and destitute refugees, victims of flood, famine and war, and displaced persons, will have a chance to secure food, shelter, and opportunities for rehabilitation.

"I am sure that, as followers of our Lord, we recognize our obligation of stewardship in giving of our abundance to the sick, hungry and homeless overseas.

"I urge the citizens of Ohio to join with all those of good will throughout the nation in meeting the challenge of this 'One Great Hour of Sharing.'"

More than \$11½ million will be required in 1957 for individual denominational projects and for joint programs in which the churches cooperate through Church World Service in their ministry of compassion to those in distress overseas.

Part of the funds will finance processing, shipping and distribution of clothing donated through service centers; the distribution of foods collected by the Christian Rural Overseas Program (CROP) of Church World Service and distribution of U. S. surplus foods.

The resettlement of refugees in this country as well as abroad is aided through this appeal. Funds raised also support long-term health and nutrition programs, self-help projects, vocational training, and other ministries to the homeless and destitute.

Families Grow Closely-Knit

Mom, Pop, Kids Like
Doing Things Together

By DOROTHY ROE
AP Women's Editor

Viewers-with-alarm might take some comfort from present evidence of a strictly wholesome revolution in the pattern of American family life.

Family solidarity is on the up-grade, and Mom, Pop and the children are more likely to be doing things together these days than at any time in the last generation.

Probably it all began with television, providing a new means of recreation at home.

Having started there, the family participation routine has gone further. There has been an increase in the sale of the kind of parlor games in which all members of the family may take part — quiz games, billiards and baseball and football games in particular.

And recently another American phenomenon has become evident in big and little towns throughout the land — shopping night. This has become the family's night out, when Mom and Pop bundle the young fry into the car and set out for the supermarket, to stock up on the week's supplies.

No longer is marketing the sole province of the lady of the house. The rapid development of the big, glittering supermarket, stocked with everything from ice cream sodas to stocks and bonds, has made it a sort of community center. Many of the newer models now have play areas for the children, piped-in music, restaurants and lunch counters, giveaway contests and features to provide interest and excitement for all members of the family.

President Eisenhower waves from lounge chair. Beside him are his doctor, Maj. Gen. Howard McC. Snyder, and Capt. C. T. Mauro.

The President muffs a sneeze. With him are (from left) press secretary James Hagerty (behind Ike), Maj. Gen. Howard McC. Snyder, his doctor; Capt. C. T. Mauro, commander of the Canberra.

PHOTOGRAPHERS aboard the destroyer Barton caught these two views of the presidential party aboard the guided missile cruiser Canberra on the way to Bermuda. The ships were at Exuma sound in the Bahamas.

2 New York Papers Boosting Prices

NEW YORK — The New York Journal-American increased its price to 10 cents a copy today. The weekday price had been five cents.

The New York World-Telegram & Sun had announced Monday it would increase its price from 5 cents to 10 cents.

A page one announcement by Seymour Berkson, publisher of

2 Youths Jailed For Selling 'Junk'

WARREN — Two youths from Burton were in jail today accused of stealing a 1957 sports car valued at \$4,000 and cutting it up to sell as junk.

The pair was arrested Tuesday

after state highway patrolmen stopped a truck near here and found that the "scrap" the 16-year-old driver said he was taking to Warren to sell appeared to be parts of a late model car.

Patrolmen said the youth implicated Lalor Herst, 20, of Burton. Officers said Herst admitted stealing the car and named a third youth being sought as an accomplice.

Amvet Chief Backs Aid To Veterans

COLUMBUS — A bill to exclude veterans benefits in computing eligibility for unemployment compensation received the support Tuesday of Dominick L. Strada, national Amvet chief.

Strada, on a tour of Ohio, told the Legislature here the bill "will be of specific benefit for those who are most deserving."

Observance Stated
To Be Held March 31

NEW YORK—Characterizing the 1957 "One Great Hour of Sharing" United Appeal as a "splendid public service" deserving "the hearty support of all Americans," Ohio's U. S. senators, John W. Bricker and Frank J. Lausche, have wholeheartedly endorsed this ninth annual cooperative effort of major Protestant churches in America to provide assistance for distressed and needy people of foreign lands.

The "One Great Hour of Sharing" appeal for funds to provide food, clothing, and medicines for the hungry, homeless and destitute abroad, as well as for relief, rehabilitation and reconstruction programs, will be made in the churches of Ohio and in thousands of others in the U. S. on Sunday, March 31, under the sponsorship of Church World Service, National Council of the Churches of Christ in the U. S. A.

Bricker, in a letter made public today by Dr. R. Norris Wilson, executive director of Church World Service, said:

"The American people have never failed to respond generously to private appeals to alleviate the hunger and misery suffered by less fortunate peoples abroad.

"The 'One Great Hour of Sharing' United Appeal is performing a splendid public service in bringing to the attention of the American people the facts concerning destitution in other lands.

"Voluntary giving on a people-to-people basis can create a large reservoir of goodwill for the United States."

Senator Lausche said that "the 1957 'One Great Hour of Sharing' observance deserves the hearty support of all Americans.

"Through such efforts, thousands of hungry and destitute refugees, victims of flood, famine and war, and displaced persons, will have a chance to secure food, shelter, and opportunities for rehabilitation.

"I am sure that, as followers of our Lord, we recognize our obligation of stewardship in giving of our abundance to the sick, hungry and homeless overseas.

"I urge the citizens of Ohio to join with all those of good will throughout the nation in meeting the challenge of this 'One Great Hour of Sharing.'"

More than \$11½ million will be required in 1957 for individual denominational projects and for joint programs in which the churches cooperate through Church World Service in their ministry of compassion to those in distress overseas.

Part of the funds will finance processing, shipping and distribution of clothing donated through service centers, the distribution of food collected by the Christian Rural Overseas Program (CROP) of Church World Service and distribution of U. S. surplus foods. The resettlement of refugees in this country as well as abroad is aided through this appeal. Funds raised also support long-term health and nutrition programs, self-help projects, vocational training, and other ministries to the homeless and destitute.

Families Grow Closely-Knit

Mom, Pop, Kids Like
Doing Things Together

By DOROTHY ROE
AP Women's Editor

Viewers-with-alarm might take some comfort from present evidence of a strictly wholesome revolution in the pattern of American family life.

Family solidarity is on the upgrade, and Mom, Pop and the children are more likely to be doing things together these days than at any time in the last generation.

Probably it all began with television, providing a new means of recreation at home.

Having started there, the family participation routine has gone further. There has been an increase in the sale of the kind of parlor games in which all members of the family may take part—quiz games, billiards and baseball and football games in particular.

And recently another American phenomenon has become evident in big and little towns throughout the land—shopping night. This has become the family's night out, when Mom and Pop bundle the young fry into the car and set out for the supermarket, to stock up on the week's supplies.

No longer is marketing the sole province of the lady of the house. The rapid development of the big, glittering supermarket, stocked with everything from ice cream sodas to stocks and bonds, has made it a sort of community center. Many of the newer models now have play areas for the children, piped-in music, restaurants and lunch counters, giveaway contests and features to provide interest and excitement for all members of the family.

President Eisenhower waves from lounge chair. Beside him are his doctor, Maj. Gen. Howard McC. Snyder, and Capt. C. T. Mauro.

The President muffs a sneeze. With him are (from left) press secretary James Hagerity (behind Ike), Maj. Gen. Howard McC. Snyder, his doctor; Capt. C. T. Mauro, commander of the Canberra. PHOTOGRAPHERS aboard the destroyer Barton caught these two views of the presidential party aboard the guided missile cruiser Canberra on the way to Bermuda. The ships were at Exuma sound in the Bahamas.

2 New York Papers Boosting Prices

NEW YORK—The New York Journal-American increased its price to 10 cents a copy today. The weekday price had been five cents. The New York World-Telegram & Sun had announced Monday it would increase its price from 5 cents to 10 cents. A page one announcement by Seymour Berkson, publisher of

2 Youths Jailed For Selling 'Junk'

WARREN—Two youths from Burton were in jail today accused of stealing a 1957 sports car valued at \$4,000 and cutting it up to sell as junk. The pair was arrested Tuesday after state highway patrolmen stopped a truck near here and found that the "scrap" the 16-year-old driver said he was taking to Warren to sell appeared to be parts of a late model car. Patrolmen said the youth implicated Lator Herst, 20, of Burton. Officers said Herst admitted stealing the car and named a third youth being sought as an accomplice.

Amvet Chief Backs Aid To Veterans

COLUMBUS—A bill to exclude veterans benefits in computing eligibility for unemployment compensation received the support Tuesday of Dominick L. Strada, national Amvet chief. Strada, on a tour of Ohio, told the Legislature here the bill "will be of specific benefit for those who are most deserving."

4-Year Terms for House Members in Ohio Unlikely

By ART PARKS

COLUMBUS, Ohio (AP)—At least one Ohio House member wants to make a second "pitch" to Ohio voters in behalf of four-year terms for state representatives. But chances of his proposal ever reaching the ballot appeared slim today.

Rep. George A. Meinhart (R-Meigs) proposed a constitutional amendment Tuesday to give House members four-year instead of two-year terms.

Speaker Roger Cloud (R-Logan) said Meinhart did not discuss the amendment with him before he offered it. And Cloud commented: "I am inclined to doubt that House members would approve it. It appears to be pretty well established that the voters want House members to be quite responsive to the will of the people and that the voters want House members to stand for election every two years."

Ohio voters in 1954 defeated a constitutional amendment which would have given four-year terms to members of both the Senate and House in the General Assembly. In 1956, however, voters approved an amendment which gave longer terms to Senate members only. Four-year Senate terms start after the 1958 election.

Meinhart's resolution proposing the constitutional change would need three-fifths approval of both houses of the Legislature before going on the ballot. A simple majority of Ohio electors voting on the issue is needed to approve a constitutional amendment.

The House Agriculture Committee Tuesday heard a plea for increased state "take" from wagers on running and harness races in Ohio, to help county fairs be something more than street carnivals.

The plea was voiced by George

W. Taylor, secretary of the County Commissioners Assn. of Ohio. It came in connection with a bill that would set up an "Ohio fairs fund" of about \$614,000 for distribution to the 91 county and independent fairs in Ohio. Sums would range from \$2,500 to \$7,500 a year.

The fund would be raised by an additional state withholding from money bet at commercial tracks. Under the bill, the state withholding from running track bets would jump from 13 1/2 to 15 per cent.

From the state fund so raised,

Ohio's Sales Tax Law Said To Be 'Poor'

COLUMBUS (AP)—The state tax commissioner said Tuesday that Ohio "has the poorest sales tax law in the nation."

Testifying before a House Taxation Committee hearing on a bill to abolish the state sales tax stamp—not the tax itself—Tax Commissioner Stanley J. Bowers said:

"We have the poorest sales tax law in the nation. I don't think any other state has a law that is so difficult to administer."

Bowers said he had always been opposed "in principle" to the prepaid tax stamp, but added: "The stamp has been of great value in the collection of sales taxes. I don't know if the state will gain or lose by doing away with it (the stamp). On paper, we will gain over 11 million dollars by abolishing the stamp. But I don't know what we will lose by trying to control the collection of taxes without the stamp."

Bowers told the committee the state already is losing more than 11 million dollars a year through tax-dodging on the part of some stamp vendors.

The tax commissioner said that the problem of tax collection would not be materially aided by abolishing the stamp because "There will still be loop-holes for tax dodgers."

Effort To Shelve Guilty Plea Loses

CINCINNATI (AP)—Richard Taylor of San Diego has lost his bid to have a guilty plea he made to a 1951 armed robbery charge set aside. Common Pleas Judge Fred Bader Tuesday sentenced Taylor to 1-25 years in the penitentiary on the old charge, involving an \$82 shoe store robbery.

Taylor contended he used a toy pistol in the robbery. But testimony by the store manager, Thomas Geary, indicated the weapon was real.

each county and independent fair would get at least \$2,500. The 69 fairs now conducting harness racing meets would get \$2,500 more, plus another \$500 to cover costs of tests on horses and to maintain tracks. At least 50 per cent of the fairs would get another \$2,000 for colt stakes for trotters and pacers owned and bred in Ohio.

Taylor told the committee that through the bill "we are trying to provide something more than a street carnival at county fairs."

And former Sen. C. I. Powell of Springfield said that although Ohio has more harness horses than any other state and has more money invested in them, the owners must take their horses to other states where race conditions and purses are better. He added:

"I wonder how county fairs can keep their gates open. A number have closed their gates and more will unless they get some help. County fairs are the show windows of agriculture and it will be a sorry day when they close."

In other actions Tuesday: The Senate passed unanimously a bill to permit temporary certification of teachers in private and parochial schools. The certificates would be good for one year only and would be valid only for the district requesting them. The bill now goes to the House.

The House passed and sent to the Senate a bill to extend from 5 to 15 days the time required for notice to creditors of bulk sales. The Senate's State Government Committee recommended adoption of a House-approved resolution to study possible state purchase of the late Louis Bromfield's home—Malabar Farm in Richland County—as a state experiment farm.

Vandalism Bond Urged By Senators

COLUMBUS (AP)—The Senate Code Revision Committee has recommended passage of a bill requiring parents to post a \$500 bond as guarantee for payment of vandalism damage by their children after the children are cited to juvenile court.

The House Welfare Committee recommended passage of a bill to increase the funeral expense allowance of old age pensioners from \$180 to \$300.

Ohio University Plans New Course

ATHENS (AP)—Ohio University's second program of doctoral study will begin with the 1957 fall semester, President John C. Baker announced this week.

The newest doctoral study will be in the area of speech and will follow by one year the launching of a PhD program in chemistry.

Fairbanks, Morse Asking Court To Curb Stock Deal

CHICAGO (AP)—Fairbanks, Morse & Co. has asked U. S. District Court to rule Leopold D. Silberstein forces out of the annual Fairbanks, Morse election on grounds of illegal stock dealings.

The suit charged that Silberstein's Penn-Texas Corp. has been committed to large purchases of Fairbanks, Morse stock in "gambling contracts."

The contracts were based, the suit alleged, on the prospect that seizure of Fairbanks, Morse control at the March 27 stockholders meeting would enable Penn-Texas to use the heavy machinery firm's funds for satisfying the stock purchase commitments.

Silberstein, president of Penn-Texas, stated Monday that the proxy battle already was "decided" and that the Silberstein interests would elect a majority of the directors.

Fairbanks Morse attorneys told newsmen that the legal action was aimed at blocking the use of all the shares Silberstein has lined up for next week's show-down vote.

Silberstein, who has claimed

that he controls virtually half of the 1,372,170 shares, has asserted that will be enough to assure him control of the 127-year-old, 135-million-dollar heavy equipment concern.

The attorneys also said that the legal action is a test of the validity of stock transactions through foreign banks "which evade American law."

The Fairbanks, Morse spokesmen have claimed that Silberstein acquired much of his Fairbanks, Morse stock in deals which went through banks in Switzerland and other foreign lands.

The suit asks the court specifically to void all Penn-Texas for the purchase of Fairbanks, Morse stock which were handled through foreign banks.

The complaint also charged that the defendants:

Obtained shares and voting rights in the course of an illegal conspiracy to gain control of the company.

Conspired to gain control of Fairbanks, Morse in order to use Fairbanks, Morse assets to pay for that control.

Violated laws against "gambling contracts," and violated the "anti-merger" provision of the Clayton Antitrust Act.

In New York, Silberstein said Monday "We firmly believe we will elect a majority of directors and so take over the Fairbanks, Morse management."

Cincy Teamsters Ask Hoffa Ouster

CINCINNATI (AP)—Members of Teamsters Local 114 have agreed unanimously to seek an end to the local's trusteeship under James R. Hoffa of Detroit, international vice president of the union.

About 150 members Tuesday night voted to "go through channels" in the move, which means petitioning union president Dave Beck to dissolve the trusteeship.

Reckless Driver Pays Heavy Price

CHARDON (AP)—Otis Byrd of Warren was fined \$450 and sentenced to 30 days in jail in Welshfield justice court for reckless driving, speeding and resisting arrest.

State highway patrolmen and sheriff's deputies said they chased Byrd's car at speeds up to 100 miles an hour on Ohio 422. They said he ran through three road blocks near Warren and was finally stopped when he rammed a new sheriff's cruiser.

Officers said before the chase, Byrd had been stopped for speeding and ordered to drive to a justice of the peace for arraignment. En route to court he sped away from the patrol car behind him.

The House Agriculture Committee Tuesday heard a plea for increased state "take" from wagers on running and harness races in Ohio, to help county fairs be something more than street carnivals.

The plea was voiced by George

Educators Decry Ike's Bid For Fund

WASHINGTON (AP)—A committee of the American Council on Education says there is no immediate need for a \$7½ million education planning program recommended by President Eisenhower.

Eisenhower's budget message contained a proposal for appropriation of \$2½ million for each of the next three fiscal years to stimulate state planning and programs in the field of education beyond the high school.

The committee spokesman said: "We encourage the several states to go all out in planning for education beyond the high school but we do not see the need for the use of federal funds for this purpose."

Nationwide First Aid Training Is Urged

WASHINGTON (AP)—An Army medical expert has advocated a nationwide voluntary program of first aid training for every American from sixth-graders up to prepare for a nuclear attack.

Col. Joseph R. Shaffer said Russia already has a compulsory training plan of this type, and that if the Russians knew this nation was similarly prepared it might be a deterrent to attack.

Shaffer told a sectional meeting of the American College of Surgeons "a nationwide bear-down on first aid training would pay immediate dividends" in dealing with accidents in the home and elsewhere.

W. Taylor, secretary of the County Commissioners Assn. of Ohio. It came in connection with a bill that would set up an "Ohio fairs fund" of about \$614,000 for distribution to the 91 county and independent fairs in Ohio. Sums would range from \$2,500 to \$7,500 a year.

The fund would be raised by an additional state withholding from money bet at commercial tracks. Under the bill, the state withholding from running track bets would jump from 13½ to 15 per cent.

Fairbanks, Morse Asking Court To Curb Stock Deal

CHICAGO (AP)—Fairbanks, Morse & Co. has asked U. S. District Court to rule Leopold D. Silberstein forces out of the annual Fairbanks, Morse election on grounds of illegal stock dealings.

The suit charged that Silberstein's Penn-Texas Corp. has been committed to large purchases of Fairbanks, Morse stock in "gambling contracts."

The contracts were based, the suit alleged, on the prospect that seizure of Fairbanks, Morse control at the March 27 stockholders meeting would enable Penn-Texas to use the heavy machinery firm's funds for satisfying the stock purchase commitments.

Silberstein, president of Penn-Texas, stated Monday that the proxy battle already was "decided" and that the Silberstein interests would elect a majority of the directors.

Fairbanks Morse attorneys told newsmen that the legal action was aimed at blocking the use of all the shares Silberstein has lined up for next week's showdown vote.

Silberstein, who has claimed

Reckless Driver Pays Heavy Price

CHARDON (AP)—Otis Byrd of Warren was fined \$450 and sentenced to 30 days in jail in Welshfield justice court for reckless driving, speeding and resisting arrest.

State highway patrolmen and sheriff's deputies said they chased Byrd's car at speeds up to 100 miles an hour on Ohio 422. They said he ran through three road blocks near Warren and was finally stopped when he rammed a new sheriff's cruiser.

Officers said before the chase, Byrd had been stopped for speeding and ordered to drive to a justice of the peace for arraignment. En route to court he sped away from the patrol car behind him.

KINSEY'S MEN'S SHOP

That Delightful, Dreamy Droop

Ho, hum. That old rocking chair feeling commonly known as Spring fever is drifting around to Pickaway County again. Schoolboys and girls and office workers nod at their desks. Farmers doze on tractor seats in midfield. Normally spry housewives slump in the old man's easy chair while the dishwasher cools.

What causes that? Grandma, who had the answer straight from her own granny, said the family's blood was too thick and dose everybody with sulphur and molasses and sassafras tea. But doctors at modern blood banks, who ought to know, say blood is no "thicker" in Winter than in Summer. If anything, it may be a little "thinner."

Experts on what makes the human system tick have as many scientific explanations for Spring fever as they have specialties. Diet experts have one answer that seems to make sense. They say anyone who spends at least part of his time out-

doors eats more in Winter to keep the old human furnace stoked in spite of lower temperatures.

Then, suddenly, it's Spring. The cold is ended but the appetite lingers on, and people eat more than they can burn. Spring fever, to a diet expert, is the same sort of lethargy that follows a Thanksgiving dinner.

Specialists on eating habits put in their nickel's worth. They say the average sleeper still keeps too many covers on the bed after Winter wanes. Then there's this sudden spurge of lawn raking, rose bed and garden spading, all lumped together with enormous dosages of fresh air and sunshine.

Poor old homo sapiens, flabby from long hibernation in his steam-heated cave, just cannot take it. Like the hothouse plants that he sets out in new-turned soil, the poor man wilts.

Human Body Now Worth \$1 Plus

By Hal Boyle

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That you are worth more now (unless you've lost weight) than you were 20 years ago. The human body would fetch slightly more than \$1 at present commercial prices, as compared with about 87 cents before World War II.

That the reason "the little red schoolhouse" of yore was always painted red like farmers' barns was because that color paint was the cheapest.

That the reason sleeping birds don't fall off their tree perches (a lot of children really worry about this) is simple—nature endowed them with a toe grip that automatically locks around a twig.

That there are 500 or more different kinds of flying bats in the world, not including the furless ones used in baseball.

That the most outrageous pun of the year is a sign in a subway

station snack shop window:

"What foods these morsels be." That people who advise you, "don't take any wooden nickels," probably don't realize a rare old wooden nickel today is worth more than a real metal one.

That, although a nickel seems to buy fewer things every year, the U. S. government printing office will still take one in exchange for a copy of President Eisenhower's second inaugural address.

That comedian Jerry Lewis has ordered from custom carpet-maker Edward Fields a dozen rugs in which caricatures of Jerry have been woven. Jerry plans to give them to friends ... friends?

That malaria, regarded by some scientists as the greatest single menace to mankind's health, causes an annual death toll of 2½ million among its 200 million victims throughout the world.

That Alexander the Great

probably died not from drinking too much wine but from the bite of a malarial mosquito. Cleopatra slept under a mosquito net to protect her from insect stings.

That a statistician has figured the hot dogs eaten by the average American in a single year, if stood end to end, would make a column 21 feet 2 inches tall.

That three out of four American homes now have electric toasters, more than 90 per cent have electric irons, 60 per cent have electric vacuum cleaners. And they all have electric bills.

That khaki, first worn by U. S. soldiers in the Spanish-American War, comes from the Hindu word "khak" meaning "earth" or "dust." Every ex-fanterman will agree they picked the right word.

That it was Beer Baron Adolphus Busch who defined the hidden woes of wealth by observing: "You can only drink 30 or 40 glasses of beer a day, no matter how rich you are."

Red China's Industrialization

By George Sokolsky

There used to be a Commercial Attache in China, Julian Arnold, who tried hard to push American products. He tried to get the Chinese to like raisins. He also tried to introduce prunes, hoping thereby to increase the use of California fruits.

If 400,000,000 Chinese each ate one prune a day, it would mean that California would sell 400,000,000 prunes every day. The arithmetic was all right, but the Chinese did not take to prunes.

Now we are back to the question of the China market which has grown to 600,000,000 human beings who live on a low standard of living. The British, Japanese and the Germans would like to do more business in that market.

The Japanese, particularly, are bound to find a way to barter manufactured goods for foodstuffs, especially the soy bean which is a staple of the Japanese cuisine and which grows plentifully in Manchuria and areas of North China.

China can get from Japan, Poland and Czechoslovakia on better terms anything that the British can sell. In fact, textiles which used to be a principal item of British trade, are being manufactured on the China mainland and in Japan and Poland.

The China market can absorb strategic goods, war materials, and it makes no sense to sell that to Red China.

Thus far, the United States has avoided trade with Red China, except the payment of ransom for American citizens held in that country. The British have been more lenient and have tried to make a killing out of the port of Hongkong while the going was good. Hongkong prospered for a period but the sale of strategic materials is like gun-running.

It is only worth while when conditions are satisfactory and all transactions have to be for cash or are guaranteed by Chinese compradores, which narrows the market.

At the present time 15 nations are engaged in the ban of trade with Red China, but there is considerable difference of opinion and possibly smuggling of European goods into China. I recall that after World War I, the great Powers had a treaty not to sell arms to China, but I personally witnessed such sales out of embassies in Peking.

Henry Ford II, whose company could sell cars and tractors

to Red China, takes the position that the United States needs to be realistic about trade with Red China and realism means that if we give aid to Communist Poland, why not do business with Communist China?

The answer could be that we should not give aid to Poland or Yugoslavia or any Communist country, because again the question arises as to who will pay for the goods sold, the customer or the American taxpayer. If it is to be the American taxpayer, he ought to have some choice in the matter. If it is his money that is to subsidize an American manufacturer or trader, he ought to have a voice as to who the customer is to be.

There is, however, this to justify Ford's position. The United States subsidizes West Germany; West Germany's car manufacturers sell to Red China on wonderful terms. If our money is to subsidize our competitors, why not keep the business to home? On the other hand, the principal American companies often have subsidiaries in foreign countries which operate indigenous companies where they may be.

Such companies, as non-Amer-

ican businesses, can operate according to the policies of the countries where they are domiciled. It gives them an out if necessary.

Red China's major problem is over-population and the inability to find work enough in an essentially agricultural country. Industry is still primitive and backward, despite heroic efforts to industrialize the country.

The surplus population in the old days engaged in banditry until absorbed in someone's army. Now that the population has increased to the phenomenal figure of 600,000,000, the Red Chinese government is concerned because it cannot feed such a population nor find work for it. The logical answer is complete modern industrialization, but for that China lacks capital, know-how and suffers from a tendency to start everything at once, which means that there will be some runts in the litter.

The present pressures to get the United States and other nations to trade with Red China recognize that industrialization is the logical conclusion for Red China's problems, but who will pay for it and with what?

Try and Stop Me

By BENNETT CERF

EDGAR BERGEN appeared on a bill one week with a highly touted—also highly overrated—soprano. Just before going on one matinee, she confided, "I never know what to do with my hands while I'm singing." Bergen suggested, "Why not hold them over your mouth?"

There's an undertaker in Washington who signs his letters, "Eventually yours." A radio station in Salem, Ore., erected a signboard informing homeward-bound motorists: "While you were away we spent many pleasant hours with your wife." And at an Alaskan golf club, this was posted in the locker room: "Three feet of snow on the greens will make them rather slow this weekend."

A reader sent a funny cartoon from an unidentified paper. It shows a customer at a Moscow, U.S.S.R., newsstand demanding angrily, "Whaddya mean, ya don't sell the Daily Capitalist?"

Aspirin Brings Relief But Won't Cure A Cold

By HERMAN N. BUNDESEN, M.D.

YOU can't suppress a cold by gobbling aspirin.

Yet aspirin does play an important part in alleviating some of the symptoms of the common cold—and getting relief is of prime concern to any cold sufferer.

The best way to use aspirin, when confronted with a cold, is to take one or two five-grain tablets when you first notice the symptoms. During the following day, you can take three or four more—one at a time.

Mild Relief

The aspirin will probably relieve mild headaches and reduce fever slightly. This helps, of course, but it is about all aspirin can do for a cold victim.

The drug has no effect on a cold as far as infection is concerned.

Actually, taking too many aspirin in a short time might be harmful.

Combats Infection

A fever is a defense mechanism of your body. In order to provide better conditions for combating an infection such as a cold, your body raises the temperature of the blood.

Swallowing a number of aspirins within a short time means that you are blocking nature's attempt to ward off the invader.

From all this I think you can see there simply is no need to take aspirin throughout the life of your cold. If the dosage I mentioned earlier doesn't ease your fever and headache, you'd better see your doctor.

Secondary Infection

Better still, see him for instructions just as soon as a cold strikes you. A secondary infection is responsible for much stubborn trouble. In the event this is the case, your physician can administer penicillin or other antibiotics which often will help to bring the difficulty under control.

QUESTION AND ANSWER

G. A.: What are the principal foods that should not be eaten in cases of gall bladder trouble?

Answer: Fats, such as eggs, fried meat, cream, butter etc. Condiments and alcohol should also be avoided. Use some skimmed milk and use salt in moderation. Starchy foods and sugars should be reduced if you are overweight; overeating also should be avoided.

Looking Back In Pickaway County

FIVE YEARS AGO

City council approved a plan sponsored by the local Kiwanis Club to have fluorine added to Circleville's water supply.

Mr. and Mrs. Ward Peck, Circleville Route 2, entertained members of the Wayne Advisory Council.

A ruling provided that Circle-

vile firemen would receive extra pay for work on township fire runs.

TEN YEARS AGO

Annual inspection of Hever Lodge No. 501, F and A M, was in Williamsport with 120 Masons present.

Campbell McMordie, student at Cranbrook School, Bloomfield Hills, Mich., arrived home to spend the spring vacation with his mother, Mrs. Lewis McMordie, W. Franklin St.

Scioto and Darbyville schools were closed due to a wave of severe colds and influenza.

THE annual Pickaway County track meet and oratorical contest was postponed due to lack of funds.

The Circleville High School band became a member of the Central Ohio High School Band Association.

Mrs. Ralph McQuade spent a week with her parents, Mr. and Mrs. Fred Erick, Lancaster.

The World Today

By James Marlow

WASHINGTON (AP)—It's not what they say in the next few days but what they do afterwards that counts.

President Eisenhower and British Prime Minister Macmillan met in Bermuda Thursday. Eisenhower and former Prime Minister Eden met in Washington 18 months ago.

At the end of the conference Eisenhower and Macmillan will issue a statement, just as Eisenhower and Eden did at the end of theirs.

Almost certainly it will stress American-British unity, just as Eisenhower and Eden said: "Conscious of the unity of our two countries . . ."

Ironically they went on to say that if anyone began a war in the Middle East, which was tense at the time, they'd consult on how to stop it.

That was said on Feb. 1, 1956, when Eisenhower and Eden were thinking of the only kind of war which seemed possible at the time: an Arab-Israeli war.

But within 10 months Britain, France and Israel began the war with their invasion of Egypt, and American-British unity was literally shot to pieces.

Instead of conferring with Britain on how to stop somebody else's shooting, this country joined the United Nations in demanding that Britain, France and Israel stop.

The invasion of Egypt and the American stand against its

friends caused a split between this country and Britain which hasn't been healed yet.

Trying to heal it will be the primary task confronting Eisenhower and Macmillan.

But how did the split happen? What had happened between last February and last fall to cause Britain, France and Israel to begin a war without even telling this country?

Those three countries got fed up with the leadership—or lack of leadership—of Eisenhower and Secretary of State Dulles in the Middle East.

They had sat back and taken no strong, positive leadership in trying to chill Egyptian President Nasser, who had seized the Suez Canal.

The same lack of American leadership in the Middle East—far more tense now than when Eden was in Washington—could show up again in the same or another form.

So while Eisenhower and Macmillan may stand with their arms around each other's shoulders to face the world at Bermuda, the real nature of American-British relations will depend on events in the months ahead.

For the Middle East will pro-

vide Eisenhower and Macmillan with the most important problem they'll have to talk about, next to restoring some kind of unity.

If the United States has any real plan for bringing peace to the Middle East—which may mean taking a strong stand against Nasser and perhaps alienating much of the Arab world—neither Eisenhower nor Dulles has revealed it.

WAKE UP RARIN' TO GO

Without Nagging Backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains, 2. by their soothing effect on bladder irritation, 3. by their mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Find out how quickly this 3-way medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 50 years. Ask for new, large size and save money. Get Doan's Pills today!

The LOW COST OF LIVING

People are living longer, healthier, happier lives — due, in no small measure, to the modern marvels of medicine . . . the wonder drugs that quickly cure infections which, less than a generation ago, often proved fatal. And these drugs have reduced the "cost of living" considerably. For example — 20 years ago it took an average three months' wages to pay the bills that piled up during a case of pneumonia. Today, pneumonia is cured at home with drugs costing an average of only five hours' wages. Truly — the cost of living is lower — thanks to modern medicine.

Local Company Honored For 25 Years Of Service

Wardell Party Home Scene Of Event

The directors and employees of The Circleville Oil Company and their wives were guests of the Tuesday evening in the Wardell Party Home, honoring twenty-five years of use of Fleetwing petroleum products by the Oil Company here at Circleville.

Representatives of Fleetwing who were present, were W. J. Laufman, president; Luke Laufman, vice-president, Mr. George Pugh, Mr. Glenn Bolton and Mr. Fred Barnhart.

The president of Fleetwing presented the Oil Company with a twenty-five year bronze plaque and in the course of a brief talk, Mr. Laufman complimented the Oil Company upon its growth during the twenty-five year period, as indicated by the purchase of three hundred fifty thousand gallons of Fleetwing products during the year of 1931 and the purchase and distribution of four million gallons during the year of 1956.

He also mentioned the contribution of the Oil Company to the economic welfare of Circleville and Pickaway County through the years of its growth, under the management first by Glenn I. Nickerson, later by Leslie D. May and presently by Ted Steele; with a present yearly payroll amounting to \$75,000.

The twenty-five year bronze plaque was accepted, for the Oil Company by R. L. Brehmer, president.

Directors and their wives present were: Mr. R. L. Brehmer, Mr. J. D. Hummel, Mr. D. D. Dowden, Mr. and Mrs. R. O. Mader, Mr. and Mrs. R. N. Call and Mr. and Mrs. Ted Steele.

Employees and their wives in attendance were: Mr. and Mrs. Arthur Steele, Mr. and Mrs. Ralph Young, Mr. Jack Young, Mr. and Mrs. Sherman Dresbach, Mr. and Mrs. Harold Binkley, Mr. and Mrs. Richard McCollister, Mr. and Mrs. Charles Young, Mr. and Mrs. Max Spangler, Mr. LeRoy Garrett, Mr. and Mrs. Robert Betts, Mr. Logan Sowers, Mr. Royce Conaway and Mr. and Mrs. Fred Davis.

Berger Guild 21 Conducts Meet With Mrs. Hill

The monthly meeting of Berger Hospital Guild 21 was held in the home of Mrs. Bishop Hill, Watt St. Thirteen members attended the session, which featured election of officers.

The following were elected: Mrs. Dwight Weiler, chairman; Mrs. B. B. Defenbaugh, co-chairman; Mrs. Larry Varble, treasurer; Mrs. J. H. Hatcher, secretary and Mrs. M. F. Kibler, publicity chairman.

At the close of the meeting, refreshments were served and games conducted.

The April meeting will be held in the home of Mrs. Lloyd Horning of Knollwood Village with Mrs. Defenbaugh as co-hostess.

Nyla Ann Overly Feted At Party On 6th Birthday

Nyla Ann Overly was honored on her sixth birthday at a party, given by her mother Mrs. Vernard Overly, and sister, Miss Jean Overly, in their home at 233 S. Scioto St.

During the afternoon games were played with Karen Eblin and Marsh Barnes winning prizes. Decorations were in pink and blue, with party favors and hats presented to each of the guests.

Refreshments including a decorated birthday cake, were served by the hostesses.

Those attending the event were members of Nyla's Sunday School Class: Karen Eblin, Marsh Barnes, Hugh Dresbach, Richard Henn, Candy Harrington and the honored guest.

Humidity affects the moisture content of flour; yeast-bread recipes usually take this into account by calling for an approximate amount of flour.

Household Hints

Count on one tablespoon of cornstarch having the thickening power of two tablespoons of flour.

Serving fresh fruit cup as a first course or a dessert? Either way, it will taste especially good if it surrounds scoops of fruit sherbet.

Skillet-cook raw shrimp (peeled and deveined) in butter, chili powder and crushed garlic. Serve with french bread for dunking.

After-school snack: Rounds of corned apple spread with peanut butter or cream cheese.

Small rotary graters, operated by hand, are wonderfully useful for grating nutmeats — and they are widely available now and inexpensive.

To peel an onion easily, first cut off both the stem and root ends.

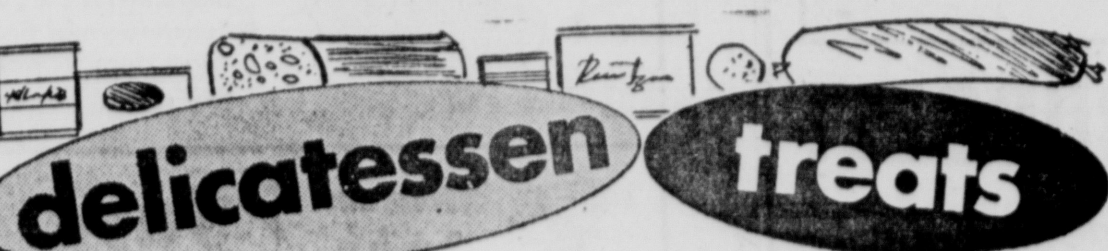

As a rule, it is best to whip no more than 1½ to 2 cups of heavy cream at one time.

Notch the edges of thin rounds of raw carrot and cut a tiny round out of each center; pull a small sprig of parsley through the round. Result: Beguiling garnish for appetizers, salads, fish or meats.

Slice the white of a hard-cooked egg fine and add it to potato salad; press the yolk of the egg through a fine-meshed small

Investigate New Beauty Aids Worth Knowing About

If you have been keeping up on the beauty news, you have heard about these. If not, they are good looks aids worth knowing about.

If you are troubled by blemishes, investigate a cosmetic stick available in six shades to match skin tones. You pat the stick gently over the blemish, as shown in the above picture, then blend with finger tips. Next to set the camouflage, fluff on a colorless white powder that comes with the stick.

Another complexion aid that is new is a creamy liquid containing a lanolin derivative and vitamins A, D and E. Its job is to regulate the moisture balance of the skin and thus correct drying and chapping.

The liquid comes in two formulas—one for dry and normal skin, and the other for oily skin.

Looking for a deodorant that is effective and easy to apply? Consider a novel one just introduced. It is a cream that flows out of a swivel-base case when you twist the base. To apply, swirl the dome top of the case over the area to be covered. It is a neat trick and a look!—no messy fingers! The deodorant itself dries instantly, does not cake and, according to the manufacturer, will not leave marks on fabrics.

In children's cosmetic line—quite the rage these beauty-conscious days—look for a carry-all of hand care aids. The case, in red or blue star-studded plastic, holds pink and colorless nail polish, hand lotion, polish remover, emery boards and a nail stick. A nylon-bristled nail brush is inserted in the kit in such a way that its plastic handle can be used to carry the case.

A Shenanigan's Social was held by the Junior Modern Woodmen Club when they met in the Club Rooms Tuesday evening.

The business meeting was conducted by president, Donna Whaley. Plans for a Handi-Craft Show and Contest for May were discussed.

The social hour was under the leadership of Club Director, Ruby Cross. Contests were held and prizes were awarded to Rosemary Whaley, Betty McKenzie and Nancy Wallis. Assistant Director, Marlene Miller awarded prizes to Rita Garrett and Steven Miller of the Tiny Tots Group.

Mrs. Cross and Miss Miller served refreshments to the 32 members and their five guests. Guests present were Cindy and Deborah Strous, Nancy Coats, Betty and Mark McKenzie.

Parents attending the meeting were Mrs. George Roof, Mrs. George Whaley and Frederick Davidson.

The Club will hold an Easter Egg Hunt in April.

strainer onto the top of a salad for a pretty golden garnish.

When making applesauce try adding grated orange rind—for a different tang and a golden color.

I FEEL WONDERFUL

PAINESVILLE, OHIO — "Rennel Concentrate really works," writes Mrs. H. Tuttle, No. 7 Tuckermere Rd., Painesville, O. "When I first heard about Rennel I weighed 187 lbs. Today thanks to Rennel I weigh 138 and feel wonderful. I swear by Rennel Concentrate."

Ask your druggist for 4 ounces of liquid RENNEL Concentrate. You'll never know a hungry moment while reducing with RENNEL.

Ladies Thinking Of Spring Styles

Shopping for clothes this Spring is going to be fun. There is so much that is new.

The cape silhouette is definitely here and appears in separate garments, as part of an ensemble or with suits. There are suit jackets that are part cape or have cape sleeves.

So many women enjoy wearing suits all year round, not just in the Spring and Fall. On really cold days, suits are just right under a warm coat. But this is the time of year when most women feel the need for a smart accent or accessory to make an oft-worn suit feel new again.

To wear with suits, consider the new silk sweaters coming over from France, Italy and Switzerland. They are so lightweight, so comfortable, so smart!

There are many types of necklines in these imported silk sweaters—the high, close-fitting neckline, the open square neckline, the round scoop or the open shirt collar. There is a style for every type, every taste.

A grand-new bathing suit will be on the market that is guaranteed to fit any figure! It is made of that wonderful yarn that was first introduced to us in stretchable socks. The new bathing suit comes in just one size, so that girls of less than sylph-like lines will have the satisfaction of knowing that they are wearing the same suit as any slim young thing.

How long will it be before almost every garment we wear will come in an easy stretchable size that fits any figure? This will certainly help to cut down alteration problems. Think of never having to struggle through try-on sessions to get the proper dress or girdle!

If you are shopping for fabrics for home sewing, you will be delighted with the new fabrics. Chiffons, cottons, silks and permanently pleated synthetics are being featured in new weaves and textures. Silk fabrics are especially important. Actually, silk is a strong fiber, for all its delicate look, and new dyeing processes have added to its beauty.

There is much emphasis, too, on coordinated materials that com-

APPARENTLY Paris designer Jacques Heim decided four-in-hand was worth two in the bush for any girl looking for a bow. It's a "chemise" creation in white linen with shoulder-wide collar. (International)

bine two or more different fabrics in harmonizing colors and patterns.

For the first time, a smooth-drying linen that requires a minimum of ironing will be on the market. Washability is the word with the majority of fabrics. When you can have machine-washable silk prints—now being marketed—why buy silk that is not guaranteed washable? Most garments are made with washable threads, binding, linings, buttons.

Newcomers Hold Regular Meeting

The Newcomers' met in the home of Mrs. Doyle Painter, Mrs. Howard Snook was co-hostess.

Presiding over the meeting was Mrs. William Blanton, president. She introduced Mrs. Vernon Weiler, the new Welcome Wagon hostess, who announced that three new sponsors were added to the list of merchants in welcoming newcomers.

Plans were discussed and made for a tea in the month of April. Invitations will be sent to all past newcomers. The tea will be held April 24 from 7 to 9 p. m. at the Pickaway Country Club.

Mrs. Win Golden served as auctioneer for the White Elephant Sale following the business meeting. The funds derived will be used for the Spring social functions.

The evening guests were Mrs. Victor Rogers, Mrs. Charles Reed and Mrs. Robert Kurtz.

Members present were Mrs. Winfred Golden, Mrs. Vernon Weiler, Mrs. Robert Christy, Mrs.

Miss Betty Adams And Bill Graham Wed In Indiana

Miss Betty Jo Adams of Circleville and Mr. William J. Graham of Rutland were united in marriage in Richmond, Ind.

The former Miss Adams is the daughter of Mr. and Mrs. Glen Adams of Circleville Route 4 and Mr. Graham is the son of Mr. and Mrs. William Graham of Rutland, O.

The new Mrs. Graham is a graduate of Walnut Township High School.

Mr. Graham attended Rutland High School and is now employed by General Motors Corporation in Columbus.

The couple is residing at 1112 Dennison Ave., Columbus.

William Speakman, Mrs. James H. Locke, Mrs. Robert Sanders, Mrs. Howard Snook, Mrs. G. T. Costis, Mrs. Gordon Anderson, Mrs. William Blanton, Mrs. Jack Plummer and Mrs. Doyle Painter.

Local Company Honored For 25 Years Of Service

Wardell Party Home Scene Of Event

The directors and employees of The Circleville Oil Company and their wives were guests of the Fleetwing Corporation at a dinner Tuesday evening in the Wardell Party Home, honoring twenty-five years of use of Fleetwing petroleum products by the Oil Company here at Circleville.

Representatives of Fleetwing who were present, were W. J. Laufman, president; Luke Laufman, vice-president; Mr. George Pugh, Mr. Glenn Bolton and Mr. Fred Barnhart.

The president of Fleetwing presented the Oil Company with a twenty-five year bronze plaque and in the course of a brief talk, Mr. Laufman complimented the Oil Company upon its growth during the twenty-five year period, as indicated by the purchase of three hundred fifty thousand gallons of Fleetwing products during the year of 1931 and the purchase and distribution of four million gallons during the year of 1956.

He also mentioned the contribution of the Oil Company to the economic welfare of Circleville and Pickaway County through the years of its growth, under the management first by Glenn I. Nickerson, later by Leslie D. May and presently by Ted Steele: with a present yearly payroll amounting to \$75,000.

The twenty-five year bronze plaque was accepted, for the Oil Company by R. L. Brehmer, president.

Directors and their wives present were: Mr. R. L. Brehmer, Mr. J. D. Hummel, Mr. D. D. Dowden, Mr. and Mrs. R. O. Mader, Mr. and Mrs. R. N. Call and Mr. and Mrs. Ted Steele.

Employees and their wives in attendance were: Mr. and Mrs. Arthur Steele, Mr. and Mrs. Ralph Young, Mr. Jack Young, Mr. and Mrs. Sherman Dresbach, Mr. and Mrs. Harold Binkley, Mr. and Mrs. Richard McCollister, Mr. and Mrs. Charles Young, Mr. and Mrs. Max Spangler, Mr. LeRoy Garrett, Mr. and Mrs. Robert Betts, Mr. Logan Sowers, Mr. Royce Conaway and Mr. and Mrs. Fred Davis.

Berger Guild 21 Conducts Meet With Mrs. Hill

The monthly meeting of Berger Hospital Guild 21 was held in the home of Mrs. Bishop Hill, Watt St. Thirteen members attended the session, which featured election of officers.

The following were elected: Mrs. Dwight Weiler, chairman; Mrs. B. B. Defenbaugh, co-chairman; Mrs. Larry Varble, treasurer; Mrs. J. H. Hatcher, secretary and Mrs. M. F. Kibler, publicity chairman.

At the close of the meeting, refreshments were served and games conducted.

Nyla Ann Overly Feted At Party On 6th Birthday

Nyla Ann Overly was honored on her sixth birthday at a party, given by her mother Mrs. Vernard Overly, and sister, Miss Jean Overly, in their home at 233 S. Scioto St.

During the afternoon games were played with Karen Eblin and Marsh Barnes winning prizes.

Decorations were in pink and blue, with party favors and hats presented to each of the guests.

Refreshments including a decorated birthday cake, were served by the hostesses.

Those attending the event were members of Nyla's Sunday School Class: Karen Eblin, Marsh Barnes, Hugh Dresbach, Richard Henn, Candy Harrington and the honored guest.

Humidity affects the moisture content of flour; yeast-bread recipes usually take this into account by calling for an approximate amount of flour.

Household Hints

Count on one tablespoon of cornstarch having the thickening power of two tablespoons of flour.

Serving fresh fruit cup as a first course or a dessert? Either way, it will taste especially good if it surrounds scoops of fruit sherbet.

Skillet-cook raw shrimp (peeled and deveined) in butter, chili powder and crushed garlic. Serve with french bread for dunking.

After-school snack: Rounds of cored apple spread with peanut butter or cream cheese.

Small rotary graters, operated by hand, are wonderfully useful for grating nutmeats — and they are widely available now and inexpensive.

To peel an onion easily, first cut off both the stem and root ends.

As a rule, it is best to whip no more than 1 1/2 to 2 cups of heavy cream at one time.

Notch the edges of thin rounds of raw carrot and cut a tiny round out of each center; pull a small sprig of parsley through the round. Result: Beguiling garnish for appetizers, salads, fish or meats.

Slice the white of a hard-cooked egg fine and add it to potato salad; press the yolk of the egg through a fine-meshed small

Investigate New Beauty Aids Worth Knowing About

If you have been keeping up on the beauty news, you have heard about these. If not, they are good-looking aids worth knowing about.

If you are troubled by blemishes, investigate a cosmetic stick available in six shades to match skin tones. You pat the stick gently over the blemish, as shown in the above picture, then blend with finger tips. Next to set the camouflage, fluff on a colorless white powder that comes with the stick.

Another complexion aid that is new is a creamy liquid containing a lanolin derivative and vitamins A, D and E. Its job is to regulate the moisture balance of the skin and thus correct drying and chapping.

Woodmen Hold Shenanigan Fete

A Shenanigan's Social was held by the Junior Modern Woodmen Club when they met in the Club Rooms Tuesday evening.

The business meeting was conducted by president, Donna Whaley. Plans for a Handi-Craft Show and Contest for May were discussed.

The social hour was under the leadership of Club Director, Ruby Cross. Contests were held and prizes were awarded to Rosemary Whaley, Betty McKenzie and Nancy Wallis. Assistant Director, Marlene Miller awarded prizes to Rita Garrett and Steven Miller of the Tiny Tots Group.

Mrs. Cross and Miss Miller served refreshments to the 32 members and their five guests. Guests present were Cindy and Deborah Strous, Nancy Coats, Betty and Mark McKenzie.

Parents attending the meeting were Mrs. George Roof, Mrs. George Whaley and Frederick Davidson. The Club will hold an Easter Egg Hunt in April.

strainer onto the top of a salad for a pretty golden garnish.

When making applesauce try adding grated orange rind—for a different tang and a golden color.

IT'S the LAW

Following is another in a series of articles presented as a public service by the Pickaway County Bar Association. These articles deal only with hypothetical cases and are not intended to solve individual problems that need specific advice. Names, when used, are always fictitious.

Mere Promise Of Gift Not Binding Contract

Do you want your favorite niece to have your diamond ring, or a nephew to have the sword that grandfather used in the Civil War? These and other objects may be freely given away, provided the legal requirements for making a gift are present.

You may want to make the bequest in a will. Others may exercise their generous inclination on their death bed (a gift causa mortis). Or, you may make a gift inter vivos, that is, an immediate, voluntary and gratuitous transfer of property by one to another.

Often, the giver never parts with his property, but repeatedly promises the prospective recipient that he will give him the ring, or the sword. A mere promise to make a gift is without legal effect. Thus, if the promised property is never delivered to you, you cannot compel the donor, or his estate to hand over the gift.

To illustrate, Aunt Martha may place the diamond ring in an envelope labeled "property of my niece, Jane". She places the envelope in her safe deposit box. Aunt Martha, of course, keeps the key to her box. The law holds that the intended gift to the niece is ineffective.

GIFTS OF such interests as stocks, or money deposited in a bank account, the gift is not ordinarily effective unless he surrenders the passbook, or stock certificates to the donee, or to an agent of the donee.

Merely depositing money in a joint account, in the name of the donor and donee, without giving the donee any control over the

\$15 Million Tagged For Ohio Projects

WASHINGTON (AP)—Nearly \$15 million could go to Ohio under a water projects construction bill passed Tuesday by the Senate Public Works Committee.

Ohio projects named in the proposal include:

Navigation: Ohio River at Gallipolis, \$66,000; Toledo Harbor, \$859,000.

Flood control: West branch, Mahoning River, \$14 million.

Woman, 58, Denies Cruelty To Cattle

PAINESVILLE (AP)—Mrs. Elizabeth Janks, 58, of Leroy Township, is in Lake County jail in lieu of \$500 bond on a charge of cruelty to animals. She pleaded innocent Tuesday in Painesville municipal court.

F. D. Rust, county humane officer, said Mrs. Janks failed to properly feed and water 10 head of cattle on her farm and that two of the animals had died of malnutrition.

money for his benefit, is ineffective. Nor is the mere giving of a written promise to the donee, in which you promise to give him a sum of money to be delivered to him after your death, effective. In these illustrations the delivery is defective.

The law insists upon the best manner of delivery of the property, considering the nature to be delivered and the circumstances of the parties. In the case of tangible property such as a ring or a sword, there must ordinarily be a handing over of the ring or the sword to the donee, or his agent.

The law places some restrictions on gifts where the rights and interests of creditors may be affected. One may not give away his property when he is insolvent. Nor may he give away property to such an extent that he will be rendered insolvent, thereby. One must retain sufficient property in his personal estate to pay his creditors.

There are tax consequences worthy of consideration. These considerations may make it worthwhile to consider the desirability of giving away property now, or leaving property to the donee in a will (where estate taxes may apply).

An individual may make a gift of up to \$3000 each year without a liability for gift tax. If the gift is made by a husband, a wife, or by one with the consent of the other, the exclusion is \$6000. In addition, to the annual exclusion of \$3000, the federal tax laws allow a specific lifetime exemption of \$30,000 to an individual, and \$60,000 to a husband and wife.

Pigeon-Destroying Sponsor Is Serious

COLUMBUS (AP)—Sen. Robert R. Shaw (R-Franklin), says he is entirely serious about his bill to trap and destroy pigeons in and about the statehouse grounds here.

Shaw told the Senate State Government Committee that the Columbus Humane Society is in accord with his proposal as long as humane methods are used.

Wire bars installed on ledges above entrances of the capitol are not effective, Shaw asserted. He said the pigeons still nest behind the bars, although he conceded the wires gave some protection to the clothing of visitors entering and leaving the State House.

Larger Health 'Umbrella' Urged

CINCINNATI (AP)—The United States needs a larger health umbrella, Dr. Reginald M. Atwater, New York City, claims.

The nation is only two-thirds covered by fulltime health services, he told the National Advisory Committee in local health departments.

"We're looking for an umbrella big enough for the entire nation," he said. The umbrella "means men, money and resources to provide fulltime health services—qualified doctors and nurses, sanitary engineers, laboratory personnel—to prevent communicable disease, provide clean water, clean food, adequate disposal of waste."

Big Airline Flies Paper Jets In Test

Giant Computer Telling Cost Of Operating In World Of New Speed

By SAM DAWSON

NEW YORK (AP)—A big airline is flying paper jets around various parts of the world and through a giant computer today. That way it hopes to save tidy sums of money when it enters the jet age with its 300 million dollar purchases of the new speed kings.

The jets are really on paper and their flights are strictly through the machine. But they simulate every between-cities route, and in a wide variety of altitudes, equipment, fuels, official rules, and weather conditions.

Up comes the answer that the people at Pan American World Airways most want to know: The cheapest cost per ton miles. The airline thus hopes to be ready when it gets delivery, starting in December 1958, on the 48 jets and spare parts it has on order.

Next the specifications on all other jets now being produced or planned will take the same paper trip through the computer. And out of the big machine will come, perhaps, a valuable guide to future purchases of more jets.

The line is also learning in advance how much longer some runways would have to be if jets are to carry economical pay loads on certain existing or potential routes.

If this data were worked out by hand, it would take one month per plane, according to John S. Woodbridge, Pan American comptroller. With the mechanical brain the job can be done in a half hour.

It takes much longer than that to get the program set up and into the machine. But much of the material can be used over and over for different planes and different flight conditions.

For each paper jet being tested, technicians prepare 69 punch cards. Of these 45 describe the plane's various attributes. These include allowable takeoff or landing gross weights as limited by runway lengths at varying airport temperatures and elevations, and also as limited by the plane structure, climb requirements and surrounding terrain, basic

General Coxe's Son Dies At 65

YOUNGSTOWN (AP)—Jacob S. Coxe Jr., 65, who retired in 1954 as president and board chairman of the Industrial Silica Corp. here, died Tuesday in Hollywood, Fla., where he had been living the last two years. Death was caused by cerebral hemorrhage.

He was the son of the late Gen. Jacob S. Coxe, who led a march on Washington in 1894 in support of his campaign for economic reforms. Coxe, one of the founders of Industrial Silica, was in business in Massillon and Chicago before coming to Youngstown in 1929.

Boy, 5, Drowns In Sump Pump

AKRON (AP)—Five-year-old Gary Williams fell head first into a sump pump in the basement of his home in nearby Copley Tuesday while trying to retrieve a toy and was drowned in about a foot of water.

His mother, Mrs. F. M. Williams, was washing clothes and had gone upstairs to answer the telephone when the accident occurred.

weights of the jets, fuel capacity, and the like.

The other 24 cards deal with the route between the two cities involved, such as distance, departure and destination airports' elevations, runway lengths and temperatures, wind values, fuel prices, and distance and other required data on an alternate airport if needed.

In some cases wind and weather data must be used for each month in the year. The cards are punched for the wind and temperatures that prevail 65 per cent of the time or better. Speed of the jets is figured at 83 per cent of the speed of sound.

Ag Agency Says Soil Bank To Be Only 50 Pct. Efficient

WASHINGTON (AP)—An Agriculture Department survey indicated Tuesday that the \$1.2 billion soil bank program may be only about 50 per cent efficient in reducing crop acreages in a period of surpluses.

A report on farmers' 1957 plans showed prospective plantings of 333 million acres or about 12 million acres less than last year.

But the department had reported previously that farmers had signed agreements to retire nearly 24 million acres of cropland from production this year under offer of soil bank subsidies.

The difference in these figures indicates, officials said, that some farmers are increasing their operations, a development which is offsetting in part reductions by soil bank participants.

The planting survey did indicate, however, that the soil bank program may make some progress in reducing acreages of the big surplus crops, such as wheat, corn, cotton, rice and tobacco.

OHIO, ILLINOIS, Iowa, Minnesota, Indiana and Wisconsin produced 61.8 per cent of total U. S. corn in 1956, yet only 8.2 per cent of the six states' acres have been put into the soil bank plan for 1957, Secretary of Agriculture Benson said.

He announced the figures in asking quick Senate approval on his request for a corn allotment of 51 million acres.

Ohio farmers are expected to plant approximately 3,493,000 acres of corn this year, or about 96 per cent of last year's acreage, the department estimates.

Estimates released Monday are based on planting plans of farmers as reported March 1.

Ohio oat estimates show a slight

Canton Physicians Shun Polio Clinic

CANTON (AP)—The Stark County Medical Society has rejected a plan which would allow doctors to give free polio shots in school clinics to children who can't afford to pay for them. Superintendent of Schools Don O. Niederhauser reports.

The medical society voted against any free mass inoculation program in the schools, but said free shots would be given in doctors' offices to any child whose parents were unable to pay.

Niederhauser said he proposed to Dr. R. E. Tschantz, president of the medical society, that the society "rent" the school clinics for \$1 a day.

He said Tschantz was "unalterably opposed" to the plan.

Christopher Columbus is said to have received payment amounting to \$320 for discovering America.

Following is another in a series of articles presented as a public service by the Pickaway County Bar Association. These articles deal only with hypothetical cases and are not intended to solve individual problems that need specific advice. Names, when used, are always fictitious.

Mere Promise Of Gift Not Binding Contract

Do you want your favorite niece to have your diamond ring, or a nephew to have the sword that grandfather used in the Civil War? These and other objects may be freely given away, provided the legal requirements for making a gift are present.

You may want to make the bequest in a will. Others may exercise their generous inclination on their death bed (a gift causa mortis). Or, you may make a gift inter vivos, that is, an immediate, voluntary and gratuitous transfer of property by one to another.

Often, the giver never parts with his property, but repeatedly promises the prospective recipient that he will give him the ring, or the sword. A mere promise to make a gift is without legal effect. Thus, if the "promised" property is never delivered to you, you cannot compel the donor, or his estate to hand over the gift.

To illustrate, Aunt Martha may place the diamond ring in an envelope labeled "property of my niece, Jane". She places the envelope in her safe deposit box. Aunt Martha, of course, keeps the key to her box. The law holds that the intended gift to the niece is ineffective.

GIFTS OF such interests as stocks, or money deposited in a bank account, the gift is not ordinarily effective unless he surrenders the passbook, or stock certificates to the donee, or to an agent of the donee.

Merely depositing money in a joint account, in the name of the donor and donee, without giving the donee any control over the

money for his benefit, is ineffective. Nor is the mere giving of a written promise to the donee, in which you promise to give him a sum of money to be delivered to him after your death, effective. In these illustrations the delivery is defective.

The law insists upon the best manner of delivery of the property, considering the nature to be delivered and the circumstances of the parties. In the case of tangible property such as a ring or a sword, there must ordinarily be a handing over of the ring or the sword to the donee, or his agent.

The law places some restrictions on gifts where the rights and interests of creditors may be affected. One may not give away his property when he is insolvent. Nor may he give away property to such an extent that he will be rendered insolvent, thereby. One must retain sufficient property in his personal estate to pay his creditors.

There are tax consequences worthy of consideration. These considerations may make it worthwhile to consider the desirability of giving away property now, or leaving property to the donee in a will (where estate taxes may apply).

An individual may make a gift of up to \$3000 each year without a liability for gift tax. If the gift is made by a husband, a wife, or by one with the consent of the other, the exclusion is \$6000. In addition, to the annual exclusion of \$3000, the federal tax laws allow a specific lifetime exemption of \$30,000 to an individual, and \$60,000 to a husband and wife.

Pigeon-Destroying Sponsor Is Serious

COLUMBUS — Sen. Robert R. Shaw (R-Franklin), says he is entirely serious about his bill to trap and destroy pigeons in and about the statehouse grounds here.

Shaw told the Senate State Government Committee that the Columbus Humane Society is in accord with his proposal as long as humane methods are used.

Wire bars installed on ledges above entrances of the capitol are not effective, Shaw asserted. He said the pigeons still nest behind the bars, although he conceded the wires gave some protection to the clothing of visitors entering and leaving the State House.

Larger Health 'Umbrella' Urged

CINCINNATI — The United States needs a larger health umbrella, Dr. Reginald M. Atwater, New York City, claims.

The nation is only two-thirds covered by fulltime health services, he told the National Advisory Committee in local health departments.

"We're looking for an umbrella big enough for the entire nation," he said. The umbrella "means men, money and resources to provide fulltime health services—qualified doctors and nurses, sanitary engineers, laboratory personnel—to prevent communicable disease, provide clean water, clean food, adequate disposal of waste."

Big Airline Flies Paper Jets In Test

Giant Computer Telling Cost Of Operating In World Of New Speed

By SAM DAWSON

NEW YORK — A big airline is flying paper jets around various parts of the world and through a giant computer today. That way it hopes to save tidy sums of money when it enters the jet age with its 300 million dollar purchases of the new speed kings.

The jets are really on paper and their flights are strictly through the machine. But they simulate every between-cities route, and in a wide variety of altitudes, equipment, fuels, official rules, and weather conditions.

Up comes the answer that the people at Pan American World Airways most want to know: The cheapest cost per ton miles. The airline thus hopes to be ready when it gets delivery, starting in December 1958, on the 48 jets and spare parts it has on order.

Next the specifications on all other jets now being produced or planned will take the same paper trip through the computer. And out of the big machine will come, perhaps, a valuable guide to future purchases of more jets.

The line is also learning in advance how much longer some runways would have to be if jets are to carry economical pay loads on certain existing or potential routes.

If this data were worked out by hand, it would take one month per plane, according to John S. Woodbridge, Pan American comptroller. With the mechanical brain the job can be done in a half hour.

It takes much longer than that to get the program set up and into the machine. But much of the material can be used over and over for different planes and different flight conditions.

For each paper jet being tested, technicians prepare 69 punch cards. Of these 45 describe the plane's various attributes. These include allowable takeoff or landing gross weights as limited by runway lengths at varying airport temperatures and elevations, and also as limited by the plane structure, climb requirements and surrounding terrain, basic

General Coxe's Son Dies At 65

YOUNGSTOWN — Jacob S. Coxe Jr., 65, who retired in 1954 as president and board chairman of the Industrial Silica Corp. here, died Tuesday in Hollywood, Fla., where he had been living the last two years. Death was caused by cerebral hemorrhage.

He was the son of the late Gen. Jacob S. Coxe, who led a march on Washington in 1894 in support of his campaign for economic reforms. Coxe, one of the founders of Industrial Silica, was in business in Massillon and Chicago before coming to Youngstown in 1929.

Boy, 5, Drowns In Sump Pump

AKRON — Five-year-old Gary Williams fell head first into a sump pump in the basement of his home in nearby Copley Tuesday while trying to retrieve a toy and was drowned in about a foot of water.

His mother, Mrs. F. M. Williams, was washing clothes and had gone upstairs to answer the telephone when the accident occurred.

weights of the jets, fuel capacity, and the like.

The other 24 cards deal with the route between the two cities involved, such as distance, departure and destination airports' elevations, runway lengths and temperatures, wind values, fuel prices, and distance and other required data on an alternate airport if needed.

In some cases wind and weather data must be used for each month in the year. The cards are punched for the wind and temperatures that prevail 65 per cent of the time or better. Speed of the jets is figured at 83 per cent of the speed of sound.

Ag Agency Says Soil Bank To Be Only 50 Pct. Efficient

WASHINGTON — An Agriculture Department survey indicated Tuesday that the \$1.2 billion soil bank program may be only about 50 per cent efficient in reducing crop acreages in a period of surpluses.

A report on farmers' 1957 plans showed prospective plantings of 333 million acres or about 12 million acres less than last year.

But the department had reported previously that farmers had signed agreements to retire nearly 24 million acres of cropland from production this year under offer of soil bank subsidies.

The difference in these figures indicates, officials said, that some farmers are increasing their operations, a development which is offsetting in part reductions by soil bank participants.

The planting survey did indicate, however, that the soil bank program may make some progress in reducing acreages of the big surplus crops, such as wheat, corn, cotton, rice and tobacco.

OHIO, ILLINOIS, Iowa, Minnesota, Indiana and Wisconsin produced 61.8 per cent of total U. S. corn in 1956, yet only 8.2 per cent of the six states' acres have been put into the soil bank plan for 1957, Secretary of Agriculture Benson said.

He announced the figures in asking quick Senate approval on his request for a corn allotment of 51 million acres.

Ohio farmers are expected to plant approximately 3,493,000 acres of corn this year, or about 96 per cent of last year's acreage, the department estimates.

Estimates released Monday are based on planting plans of farmers as reported March 1.

Ohio oat estimates show a slight

increase over last year with 1,191,000 acres estimates, or two per cent above 1956.

Other Ohio acreage estimates and the percentage of the 1956 acreage are:

Soybeans—1,419,000 or 106 per cent.

Tobacco—12,900 or 98 per cent.

Sugar Beets—21,000 or 114 per cent.

Late summer and fall potatoes—21,800 or 101 per cent.

Annual Newspaper Contest Awaited

PHILADELPHIA — N. W. Ayer & Son has announced that judging in its annual newspaper typography contest for the Ayer Cup will be held April 10.

Awards will be given the newspaper judged best-looking of all entries and to newspapers selected as leaders in their circulation class for typography and makeup.

More than 800 English-language daily newspapers are expected to enter the competition. Judging will be on issues of March 5.

The judges are Carlos P. Romulo, Philippine ambassador to United States and a 1942 Pulitzer Prize winner; Ladislav Sutnar, a well known poster designer, and John Anderson, a typographic consultant.

Canton Physicians Shun Polio Clinic

CANTON — The Stark County Medical Society has rejected a plan which would allow doctors to give free polio shots in school clinics to children who can't afford to pay for them, Superintendent of Schools Don O. Niederhauser reports.

The medical society voted against any free mass inoculation program in the schools, but said free shots would be given in doctors' offices to any child whose parents were unable to pay.

Niederhauser said he proposed to Dr. R. E. Tschantz, president of the medical society, that the society "rent" the school clinics for \$1 a day.

He said Tschantz was "unalterably opposed" to the plan.

Christopher Columbus is said to have received payment amounting to \$320 for discovering America.

Spring Athletic Program At CHS Has Baseball, Track, Conditioning

Approximately 97 boys have turned out for Circleville High School's new Spring athletic program which features baseball, track and conditioning squads.

Although baseball and track are annual Spring sports, the conditioning squads represent something new at CHS. The conditioning program includes parallel and horizontal bars, weight lifting, rope climbing, touch football and high jumping, with the possibility of hand ball and soccer being added in the near future.

According to coaches Tom Bennett, Dick Boyd and Red Courtney, the all-around sports program is designed to give all high school boys an opportunity to take part in some form of athletics.

The coaches added that the new plan will also help get athletes in shape for football season. All three sports feature a lot of running with the accent on building up the legs.

TRACK and conditioning is being handled by Bennett and Courtney and Boyd is devoting most of his time with the baseball squad. The coaches are getting a valuable assist from the Rev. Carl Zehner who comes to the school each evening to direct activities in the weight lifting department.

During bad weather when the boys are working out in the gym, each squad rotates to various activities, giving them ample opportunity to take part in all phases. This gives the coaches an opportunity to find out which program each boy is best suited for.

After the weather gets better each squad will be formed as a group and will follow an independent schedule, Bennett said.

The coaches remarked that so far the CHS athletes appear to enjoy the new set up which gives them plenty of healthful activity. Coach Bennett said he expects to see some good results by the time football season rolls around next fall.

Golf, Circleville's other Spring sport, is also underway with practice being held as much as weather permits. The squad is again under the direction of Coach Steve Brudzinski. According to school officials this is the last year the Tigers will participate in golf.

The new program at CHS includes 35 freshmen, 35 sophomores, 24 juniors and three seniors taking part in all three sports.

Heavy Sluggers Find Range in Grapefruit League Play

By THE ASSOCIATED PRESS

Home run sluggers are beginning to find the range on the exhibition circuit. So far, the National Leaguers are far ahead of the Americans.

In eight games Tuesday, there were 23 homers and most of them broke up the old ball game.

Ten clubs have played 10 exhibitions and six have completed 11. A total of 161 homers have been hit—99 by National and 62 by American League teams.

The New York Giants and Philadelphia Phillies have each clouted 17 homers, while the Chicago White Sox lead the Americans with a dozen.

Dick Stuart, the Pittsburgh rookie who belted 66 homers with Lincoln of the Western League last year; Jim Lemon, Washington; and Hank Aaron, Milwaukee, each have hit five exhibition blasts.

Stuart got two home runs Tuesday as the Pirates defeated the White Sox 9-3. He fanned the other three times at bat.

Rookie Neil Chrisley hit a two-run homer in the ninth to provide Washington's 6-4 victory over Cincinnati. Clint Courtney's two-run homer had tied the score for Washington in the seventh. Gus Bell, Bob Henrich and George Crowe homered for the Redlegs.

Kansas City defeated Brooklyn 8-5 when Johnny Groth rapped the ball over the fence in the 10th inning in another duel of homers. Gus Zernial hit another for the A's, while Don Zimmer, Duke Snider and Gino Cimolo got one piece for the Brooks.

Jim Piersall hit the first Boston homer of the spring, but it was a grand-slammer in the third inning and helped the Red Sox to a

Bums Say Redleg Offer Is 'Silly'

ORLANDO, Fla. (AP)—Brooklyn Dodgers' brass have shrugged off a Cincinnati Redleg offer of seven players for hurler Don Newcombe.

Dodger Vice President Buzzy Bavasi said Tuesday Redleg General Manager Gabe Paul "made me a silly offer," but Bavasi refused to discuss it.

Paul declined to say what players he offered.

Air Of Uncertainty Veiling Prospects Of Boston's Sox

Editor's Note: Following is the first in a series of articles on the prospects of major league baseball teams.

By JOE REICHLER

SARASOTA, Fla., (AP)—An air of uncertainty surrounds the Boston Red Sox training camp.

The Red Sox can finish anywhere from second to fifth without raising an eyebrow. They have a fine hitting outfield, good catching and fair pitching but they also have what is probably the most porous infield in the league, they sadly need a lefthanded pitcher or two and two of the club's most dangerous batters—Ted Williams and Mickey Vernon—are nearing 39. The Red Sox finished fourth—13 games behind last year.

Mike Higgins, starting his third year at the helm after one happy and one disappointing season, is neither optimistic nor pessimistic as he discussed the Red Sox' pennant chances.

"Our chief problem," Mike conceded, "is the infield, of course. The loss of Don Buddin to the service has hurt us a lot."

If Higgins had to open the season tomorrow, he probably would have Dick Gernert at first base, Gene Mauch, the retreated 31-year-old former National Leaguer, at second; Billy Klaus at shortstop and Ted Lepcio at third. That would mean that Vernon and Billy Goodman would be warming the bench or at best, share the regular first and second base posts.

In Williams (.345), Jack Jensen (.315) and Jimmy Piersall (.293),

Lakers Seeking Pollard As Pilot

NEW YORK (AP)—Jim Pollard, LaSalle College basketball coach, can have the job as coach of the Minneapolis Lakers if he wants it.

A source close to the National Basketball Ass'n. said the new owners of the Lakers prefer Pollard to present Minneapolis coach John Kundla.

The new Minneapolis owners, who paid \$150,000 to buy the franchise from Ben Berger just to keep pro basketball in Minneapolis, feel that Pollard's name is just the thing necessary to help revive the game in the Twin City.

Billy Pierce Fails To Show Top Form

TAMPA, Fla. (AP)—Billy Pierce, Chicago White Sox pitching ace, is still far off the form which saw him win 20 games last year.

The usually brilliant lefthander was ineffective Tuesday for the second time this spring. The Pittsburgh Pirates belted him for five hits and three runs in three innings and went on to beat the Sox, 9-3.

Pierce struck out only one man, walked one and gave up a two-run homer to rookie slugger Dick Stuart in the first inning.

Giambra Is Victor Over Al Andrews

OAKLAND, Calif. (AP)—Middleweight Joey Giambra took care of Al Andrews with dispatch Tuesday night but probably didn't improve his ranking in so doing.

The sixth ranking 160-pounder who recently moved from Buffalo, N. Y., to San Francisco, knocked Andrews down no less than four times in the first round and brought the battle to an end after the sixth.

Now Giambra, 25, who weighed 158½, wants a fight with one of the top 160-pound contenders. Andrews, 160½, of Superior, Wis., lost his ranking last year so beating him didn't boost Joey much.

Dayton, Xavier Defeated In NIT Contests

MESA, Ariz. (AP)—Every spring go Cub camp that righthander Bob Rush will win 20 games and every season Rush fails.

This year being no exception, Rush himself predicts he'll reach the coveted mark. Rush thinks he'll reach the magic circle because he's changed his eye glasses and "this year I'll be able to see the catcher's signals for the first time in years."

Rush, who suffers from astigmatism, won 17 games in 1952, his best season, and four other years he finished with 13 victories.

The 31-year-old who is 6-foot-5 finished 13-10 last year.

Wally Post, Cincinnati Redleg outfielder, hit nine home runs in his first 15 games in 1956. A hand injury on May 5 slowed him down. He finished the season with 40 homers.

Bob Rush Expects 20-Win Season

routing Xavier after trailing 38-17. Temple, led by a court wizard in Guy Rodgers, trailed at halftime 41-39 but riddled Dayton's defense in the second half.

The second-seeded Braves from Peoria rallied to within 52-44 at the halftime before the roof fell in on Xavier. The Braves went on an almost unbelievable 40-6 tear that tore the game apart.

The tide changed with the Braves trailing by 21.

"We started an all-court press then," said Bradley Coach Chuck Orsborn. "The boys knew they were going to win at halftime. They felt that confident. I was surprised we were able to keep up the press. Usually the other team manages to stop it after about 10 minutes."

"Our chief problem," Mike conceded, "is the infield, of course. The loss of Don Buddin to the service has hurt us a lot."

If Higgins had to open the season tomorrow, he probably would have Dick Gernert at first base, Gene Mauch, the retreated 31-year-old former National Leaguer, at second; Billy Klaus at shortstop and Ted Lepcio at third. That would mean that Vernon and Billy Goodman would be warming the bench or at best, share the regular first and second base posts. In Williams (.345), Jack Jensen (.315) and Jimmy Piersall (.293),

Higgins owns the best hitting outfield in the league. The trip slugged 58 homers and drove in 266 runs. The catching with Sam White (.245), Pete Daley (.267) and rookie Haywood Sullivan, up from San Francisco (.296), presents no problem.

Our pitching figures to be better," said Higgins. "I thought it would be real good last year but I was disappointed. Frank Sullivan (14-9) has only a fair season, Willard Nixon (9-8) had a sore shoulder, Mel Parnell (7-6) injured his leg and Bob Porterfield (3-12) had a terrible time.

"Dave Sisler (9-8) had a good first season and should be better. I look for Tom Brewer (19-9) to develop into a top-flight star this year. I really think we've got enough pitching for a fine staff. That's the one place we've just got to improve."

Lakers Seeking Pollard As Pilot

NEW YORK (AP) — Jim Pollard, LaSalle College basketball coach, can have the job as coach of the Minneapolis Lakers if he wants it.

A source close to the National Basketball Ass'n. said the new owners of the Lakers prefer Pollard to present Minneapolis coach John Kundla.

The new Minneapolis owners, who paid \$150,000 to buy the franchise from Ben Berger just to keep pro basketball in Minneapolis, feel that Pollard's name is just the thing necessary to help revive the game in the Twin City.

Billy Pierce Fails To Show Top Form

TAMPA, Fla. (AP) — Billy Pierce, Chicago White Sox pitching ace, is still far off the form which saw him win 20 games last year.

The usually brilliant lefthander was ineffective Tuesday for the second time this spring. The Pittsburgh Pirates belted him for five hits and three runs in three innings and went on to beat the Sox, 9-3.

Pierce struck out only one man, walked one and gave up a two-run homer to rookie slugger Dick Stuart in the first inning.

Dayton, Xavier Defeated In NIT Contests

NEW YORK (AP) — It's Bradley vs. Temple and Memphis State vs. St. Bonaventure in Thursday night's semifinals in the National Invitation basketball tourney.

Temple and Bradley reached the round of four Tuesday night by whipping Dayton 77-66 and Xavier of Ohio 116-81, respectively. Each put on decisive second-half rallies to win easily.

Memphis State and the Bonnies won their quarterfinal games Monday night.

Bradley, making its first Madison Square Garden appearance since losing to CCNY in the 1950 finals of both the NIT and NCAA, astounded the crowd of 10,543 by routing Xavier after trailing 38-17.

Bob Rush Expects 20-Win Season

MESA, Ariz. (AP) — Every spring there's a prediction in the Chicago Cub camp that righthander Bob Rush will win 20 games and every season Rush fails.

This year being no exception, Rush himself predicts he'll reach the coveted mark. Rush thinks he'll reach the magic circle because he's changed his eye glasses and "this year I'll be able to see the catcher's signals for the first time in years."

Rush, who suffers from astigmatism, won 17 games in 1952, his best season, and four other years he finished with 13 victories. The 31-year-old who is 6-foot-5 finished 13-10 last year.

Wally Post, Cincinnati Redleg outfielder, hit nine home runs in his first 16 games in 1956. A hand injury on May 3 slowed him down. He finished the season with 40 homers.

Heavy Sluggers Find Range In Grapefruit League Play

By THE ASSOCIATED PRESS

Home run sluggers are beginning to find the range on the exhibition circuit. So far, the National Leagueers are far ahead of the Americans.

In eight games Tuesday, there were 23 homers and most of them broke up the old ball game.

Ten clubs have played 10 exhibitions and six have completed 11. A total of 161 homers have been hit—99 by National and 62 by American League teams.

The New York Giants and Philadelphia Phillies have each clouted 17 homers, while the Chicago White Sox lead the Americans with a dozen.

Dick Stuart, the Pittsburgh rookie who belted 66 homers with Lincoln of the Western League last year; Jim Lemon, Washington; and Hank Aaron, Milwaukee, each have hit five exhibition blasts.

Stuart got two home runs Tuesday as the Pirates defeated the White Sox 9-3. He fanned the other three times at bat.

Rookie Neil Chrisley hit a two-run homer in the ninth to provide Washington's 6-4 victory over Cincinnati. Clint Courtney's two-run homer had tied the score for Washington in the seventh. Gus Bell, Bob Henrich and George Crowe homered for the Redlegs.

Kansas City defeated Brooklyn 8-5 when Johnny Groth rapped the ball over the fence in the 10th inning in another duel of homers. Gus Zernial hit another for the A's, while Don Zimmer, Duke Snider and Gino Cimoli got one piece for the Braves.

Jim Piersall hit the first Boston homer of the spring, but it was a grand-slammer in the third inning and helped the Red Sox to a

7-6 victory over the St. Louis Cardinals.

The Phillies hit three homers and the Tigers two as Philadelphia took a 6-5 decision in 11 innings from Detroit. Joe Lonnett, reserve catcher, led off the 11th with a homer, and the Phils added another run on three singles. Earlier two Phil rookies, Harry Anderson and Fred Van Dusen, homered, while Harvey Kuenn and Charlie Maxwell each hit one for Detroit.

Bob Lennon, up for another trial with the Giants this season, clubbed a three-run homer in the fourth inning and the New York-ers came from behind to defeat the Chicago Cubs 9-4. Rookie Bob Schmidt also homered for the Giants.

Home runs put the Yankees back in the game against the Milwaukee Braves, and Gil McDougald's clutch double in the ninth scored two runs to give New York a 6-5 decision. Mickey Mantle and rookie Woody Held each homered with a Yankee on base in the fifth and sixth innings.

The Baltimore Orioles downed the Cleveland Indians 8-4 after rallying for five runs in the eighth inning. Brooks Robinson of Baltimore hit a homer and triple.

Giambra Is Victor Over Al Andrews

OAKLAND, Calif. (AP) — Middleweight Joey Giambra took care of Al Andrews with dispatch Tuesday night but probably didn't improve his ranking in so doing.

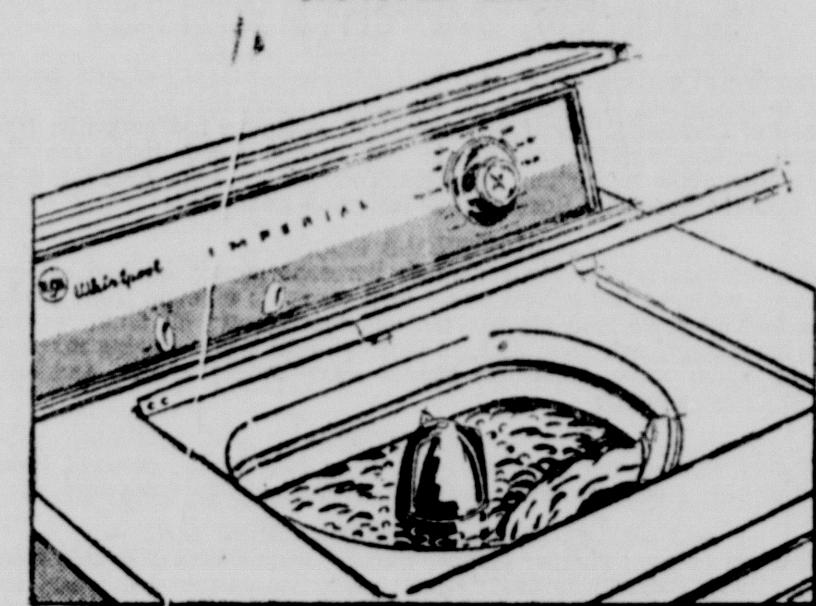

The sixth ranking 160-pounder who recently moved from Buffalo, N. Y., to San Francisco, knocked Andrews down no less than four times in the first round and brought the battle to an end after the sixth.

Now Giambra, 25, who weighed 158½, wants a fight with one of the top 160-pound contenders. Andrews, 160½, of Superior, Wis., lost his ranking last year so beating him didn't boost Joey much.

You can't buy a bigger station wagon anywhere...at any price!

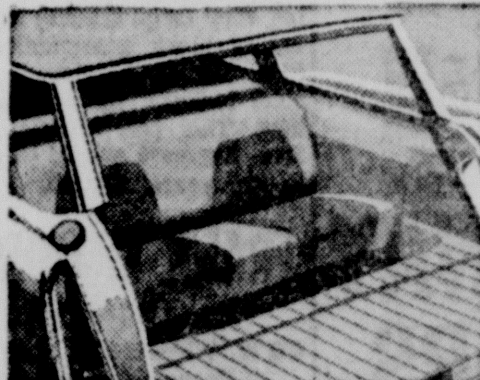

Yet, this smooth-riding Plymouth Suburban is still in the low-price 3

Of all the makes in the country today, there isn't a single station wagon built that's bigger than the new Plymouth.

We're not just talking about the low-price 3, though Plymouth has the biggest in the lowest-price range. We mean all station wagons...low-price, medium-price, right on up to the so-called "big" luxury wagons. You can't buy bigger than Plymouth no matter how much you spend!

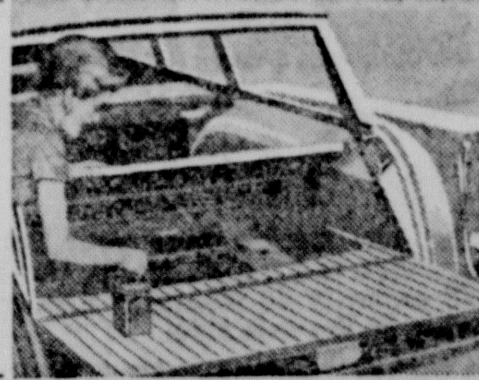

So why spend more—and settle for less? Especially when Plymouth offers you the magic smoothness of velvety Torsion-Aire Ride...Push-Button Driving...Total-Contact Brakes...Flight-Sweep Styling...and the power-for-safety of up to 290 hp.

There's none bigger...and when you actually drive a Suburban you'll agree there's none better! See for yourself—at your Plymouth dealer's!

New Observation Seat.
Available in all 9-passenger Suburban models. Folds flush into floor for extra cargo space.

Hidden luggage compartment.
Almost 10 cubic feet of locked space for safe, out-of-sight storage of luggage and valuables. On 6-passenger models.

THEY DON'T COME ANY BIGGER THAN

Plymouth

Jerry Lucas Heads State's Class AA Stars

All-Ohio Team Picked
In Poll; Middle Ace
Draws High Acclaim

COLUMBUS, Ohio (AP) — Ohio's brightest high school basketball stars, headed by repeater Jerry Lucas of Middletown, today were named to the 1957 Associated Press All-Ohio Class AA team.

Lucas, the scintillating 6 foot 9 junior who has never played in a losing game in 50 starts for the defending state champions, was an almost unanimous choice. The state's sports writers, broadcasters, coaches and officials made the selections.

No player in the history of the annual ratings has been everyone's All-Ohio to the extent the Butler County record breaker dominated this year's voting.

Lucas scored 651 points in the 18 pre-tournament games on which the selections were based, an average of 36, although he played only two or three complete contests. Larry Siegfried of Shelby had a 38-point average over the same route to take the scoring laurels, but he played practically every minute.

Siegfried, 6 foot 4 senior, moved into the All-Ohio lineup at guard alongside Dave Zeller, 6 foot 1 senior. Zeller averaged 24 points in carrying New Carlisle Tecumseh to a terrific season.

Jim Mathews of Canton McKinley, who averaged 22, and Mount Vernon's 6 foot 4 Richie Hoyt, who had a 30 point per game mark grabbed the forward spots. Hoyt missed four games because of a 5-stitch cut on his shooting hand, but came back strong to lead the central district tourney in scoring.

Lucas is the only one of the top quintet who will show his wares in the state tournament this weekend. Middletown bids for its seventh Ohio title.

But Bunk Adams of Toledo Macomber and Larry Trunk of Cleveland Cathedral Latin, second All-Ohio team choices, will be on hand.

Also due to perform in St. John Arena are Jay Byrd of Middletown, the star playmaker for the champs; Charley Boykin of Kent Roosevelt, and Ray Zadvadski of Cathedral Latin, all honorable mention winners.

The All-Ohio squad of 79 was picked from the more than 7,000 players on 349 Class AA squads. The five first-placers were 1,400-to-1 shots. Even the honorable mentions were 100-to-1.

Sheer individual ability, not team records, furnished the basis for the selection. Some high scorers finished down the list because they lacked defensive or other abilities, and some with not-too-high averages won high spots because of their all-around talents.

Lucas, who set a half-dozen state tournament records last year, is the only repeater. The modest young giant is being hailed as the greatest high school cager in the state's history and possibly the year's best scholastic star in the country.

Although the selections were made on pre-tournament performances, announcement of the All-Ohio was delayed until state tournament week at the request of the Ohio High School Basketball Coaches Assn.

Here are the 1957 jewels:

THE ASSOCIATED PRESS 1957
All-Ohio Class AA High School
Basketball Squad

FIRST TEAM

FT. WAYNE, Ind. (AP) — A stolen rebound sent the Minneapolis Lakers to St. Louis today for the National Basketball Assn. western division final playoff and ended professional basketball in Ft. Wayne.

The Lakers beat the Ft. Wayne Pistons Tuesday night, 110-108, to sweep their best-of-three series in two games. The Lakers will meet the St. Louis Hawks for the division title in the best-of-five series, playing at St. Louis Thursday night and Sunday afternoon, at Minneapolis Monday and Wednesday nights, and back at St. Louis if necessary March 28.

The Pistons franchise will move to Detroit next season. The final game at Ft. Wayne drew a slim crowd of 2,211.

Big Clyde Lovellette snatched a rebound of a Laker miss from Ft. Wayne's Larry Foust and scored the winning goal with 4 seconds to play. Foust, a 30-point scorer for the game, had hit 6 seconds earlier to give Ft. Wayne its only lead of the fourth quarter.

Foust's goal, scored after Ft. Wayne had called time out to set up play, put Ft. Wayne ahead, 108-107, and Lovellette's rebound made it 109-108. Ft. Wayne called time twice more in an attempt to get a shot and drew a technical foul for too many times out. Dick Schnitker made a free throw for the final Laker point.

Big Clyde Lovellette snatched a rebound of a Laker miss from Ft. Wayne's Larry Foust and scored the winning goal with 4 seconds to play. Foust, a 30-point scorer for the game, had hit 6 seconds earlier to give Ft. Wayne its only lead of the fourth quarter.

Detroit Pilot Warning Big Blowup Ahead

LAKE LAND, Fla. (AP) — "There's an explosion coming on this club," said new Manager Jack Tighe of the Detroit Tigers.

"There are some guys who have been on this ball club a long time, guys who are getting a lot of money and aren't earning it," Tighe, the usually easygoing "nice guy" who was picked to replace Buddy Harris and put some "fire" into the Tigers, lit the fuse after Detroit, favored to give the New York Yankees trouble if anyone can this season, had dropped

their eighth decision in 10 exhibition games Tuesday. "We need pitching," said Tighe. "The Indians want a catcher." What it comes down to is this: The Tigers, with Frank Lary, Billy Hoeft and Paul Foytack forming their "big Three," need a No. 4 pitcher, preferably a left-hander. They have their eyes on the Indians' Hank Aguirre and Buddy Daley, a pair of promising young southpaws.

To get either of the two (and Daley is the favorite) the Tigers would give up catcher Frank House and "a triple-A player" for the Indians' San Diego club — if Cleveland tosses in another pitcher, say Mike Garcia or Art Houtteman, and shortstop George Strickland.

Jerry Lucas Heads State's Class AA Stars

All-Ohio Team Picked
In Poll; Middle Ace
Draws High Acclaim

COLUMBUS, Ohio (AP) — Ohio's brightest high school basketball stars, headed by repeater Jerry Lucas of Middletown, today were named to the 1957 Associated Press All-Ohio Class AA team.

Lucas, the scintillating 6 foot 9 junior who has never played in a losing game in 50 starts for the defending state champions, was an almost unanimous choice. The state's sports writers, broadcasters, coaches and officials made the selections.

No player in the history of the annual ratings has been everyone's All-Ohio to the extent the Butler County record breaker dominated this year's voting.

Lucas scored 651 points in the 18 pre-tournament games on which the selections were based, an average of 36, although he played only two or three complete contests. Larry Siegfried of Shelby had a 38-point average over the same route to take the scoring laurels, but he played practically every minute.

Siegfried, 6 foot 4 senior, moved into the All-Ohio lineup at guard alongside Dave Zeller, 6 foot 1 senior. Zeller averaged 24 points in carrying New Carlisle Tecumseh to a terrific season.

Jim Mathews of Canton McKinley, who averaged 22, and Mount Vernon's 6 foot 4 Richie Hoyt, who had a 30 point per game mark grabbed the forward spots. Hoyt missed four games because of a 5-stitch cut on his shooting hand, but came back strong to lead the central district tourney in scoring.

Lucas is the only one of the top quintet who will show his wares in the state tournament this weekend. Middletown bids for its seventh Ohio title.

But Bunk Adams of Toledo Macomber and Larry Trunk of Cleveland Cathedral Latin, second All-Ohio team choices, will be on hand.

Also due to perform in St. John Arena are Jay Byrd of Middletown, the star playmaker for the champs; Charley Boykin of Kent Roosevelt, and Ray Zadwadski of Cathedral Latin, all honorable mention winners.

The All-Ohio squad of 79 was picked from the more than 7,000 players on 349 Class AA squads. The five first-placers were 1,400-to-1 shots. Even the honorable mentions were 100-to-1.

Sheer individual ability, not team records, furnished the basis for the selection. Some high scorers finished down the list because they lacked defensive or other abilities, and some with not-too-high averages won high spots because of their all-around talents.

Lucas, who set a half-dozen state tournament records last year, is the only repeater. The modest young giant is being hailed as the greatest high school cager in the state's history and possibly the year's best scholastic star in the country.

Although the selections were made on pre-tournament performance, announcement of the All-Ohio was delayed until state tournament week at the request of the Ohio High School Basketball Coaches Assn.

Here are the 1957 jewels:

Pro Cage Play Comes To End In Ft. Wayne
FT. WAYNE, Ind. (AP) — A stolen rebound sent the Minneapolis Lakers to St. Louis today for the National Basketball Assn. western division final playoff and ended professional basketball in Ft. Wayne.

The Lakers beat the Ft. Wayne Pistons Tuesday night, 110-108, to sweep their best-of-three series in two games. The Lakers will meet the St. Louis Hawks for the division title in the best-of-five series, playing at St. Louis Thursday night and Sunday afternoon, at Minneapolis Monday and Wednesday nights, and back at St. Louis if necessary March 28.

The Pistons franchise will move to Detroit next season. The final game at Ft. Wayne drew a slim crowd of 2,211.

Big Clyde Lovellette snatched a rebound of a Laker miss from Ft. Wayne's Larry Foust and scored the winning goal with 4 seconds to play. Foust, a 30-point scorer for the game, had hit 6 seconds earlier to give Ft. Wayne its only lead of the fourth quarter.

Foust's goal, scored after Ft. Wayne had called time out to set up play, put Ft. Wayne ahead, 108-107, and Lovellette's rebound made it 109-108. Ft. Wayne called time twice more in an attempt to get a shot and drew a technical foul for too many times out. Dick Schmittker made a free throw for the final Laker point.

Snead Is Leader In Seminole Test

PALM BEACH, Fla. (AP) — Sam Snead, Lloyd Mangrum and Bud Holscher led the way into the second and final round of the Seminole Pro-Am golf tourney today.

They posted three under par 69s over the 6,746-yard Seminole golf club course Tuesday. Ben Hogan, playing in his first tournament of the winter, had a 73.

Hogan teamed with singer Bing Crosby for a best ball score of 66 but were far behind the leaders who carded 61s in that division.

Rookie Wins Spot On Cardinal Roster

ST. PETERSBURG, Fla. (AP) — Rookie pitcher Tom Cheney, with a brilliant five-strikeout performance in two innings against the Boston Red Sox, apparently has won a place for himself on the St. Louis Cardinal roster.

Cheney is expected to be drawing big league pay checks when the season opens April 16 unless he is called for military service, Red Bird officials indicated.

The Red Birds lost to Boston 7-6 despite Cheney's performance Tuesday.

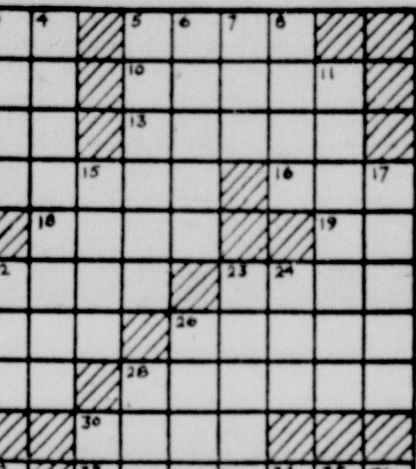

Waite: Pat Morris, Marietta; Don Matlock, Dayton Chaminade.
